RUSSIANS CONSIDER JAPAN'S PROPOSALS

Envoys Working Hard to Dispose of Small Claims.

CRASH IS BEING LOOKED FOR

Article 5, Which Relates to the Cession of Sakhalin Islands to Japan Will Be Fought by the Russians—St. Petersburg Is Pessimistic.

Portsmouth, N. H., Aug. 16.—Article 4 of the peace conditions has been agreed upon.

Portsmouth, N. H., August 16.—The peace conference began at two minutes before 10 o'clock. The plenipotentiaries went to the navy yard in their motor cars, but the trip was a somewhat slow one on account of the drizzling rain which made the roads muddy. Ten minutes after their arrival at the naval stores building the negotiators had taken their places in the conference room and work began.

That making peace is a strenuous life is illustrated by the daily program of work of the peace envoys and their suites. Eight sessions of the conference have been held since the arrival of the missions at Portsmouth one week ago, and all but one of these has been long as to hours. Outside the sessions every one connected with the work has continuous and exacting occupations with but few hours for rest and practically none for recreation.

The envoys have breakfast before 9 o'clock; they are in the navy yard before 10 o'clock and with the exception of a brief space for luncheon, served in the conference building, they stay in session until evening. After this, a hurried dinner is served at the hotel and the work of the evening and night begins. Last night M. Witte and Baron Rosen there was an outside duty and one of almost as much importance as peace between Russia and Japan, namely, the consideration of the amelioration of the condition of the Jews in Russia which a delegations of the American Hebrews. The secretaries busied themselves in bringing records up to date and preparing cables.

Cable Tolls Run High.

An idea of th evolume of cables which daily are sent to Europe and the Far East may be had from the statement that Sunday one cable company handled $19,000 worth of business including dispatches from both peace-makers from its headquarters here.

Both sides are very keen in the matter of their facilities for communication. The heavy tax on the local telephone wires made it impossible for them to get quick service between the hotel and their conference rooms in the navy yard, and complaint was made, with the result that Secretary Pierce had two direct telephone systems installed between these points, one for the Russians and one for the Japanese.

Citizens Excluded from Navy Yard.

The exclusive use of the navy yard, so far as civilians are concerned, is still possessed absolutely by the members of the peace commission. Yesterday in addition to the regular guard of marines which from the first was placed over the naval stores building, a detail of secret service men was added. They surrounded the building and kept constant watch throughout the session.

Considering Article 4.

At the morning session today consideration of article 4 which relates to the Liao Tung peninsula and the surrender of the Russian leases was begun. As the cession of Sakhalin island is the fifth article the natural deduction would be that today would witness a collision and possibly a deadlock.

But it appeared more likely that the question of the cession of the island on which neither side is now prepared to yield, when reached by mutual agreement, would be considered until the end. The policy of each side being to endeavor to place the responsibility of a rupture on the other, it is regarded as a practical certainty that neither will insist at this juncture upon precipitating a situation which will decide this issue. The plan is almost certain to pass over the disputed articles and see how far an agreement is possible, then to return and attack the obstacles.

Article 3, which was agreed on yesterday, it developed today, was incorrectly stated to be the cession of the Chinese Eastern railroad. That article comes later. The third article pertained to the restoration of the Chinese administration in the province of Manchuria, and was a natural sequence to article 2, providing for mutual evacutaion and mutual recognition of Chinese territorial integrity and the "open door" policy for which American diplomacy has fought. The mistake was due to the fact that that railroad question involved generally in the question of restoring Chinese administration in Manchuria was touch.

Must Abandon Indemnity Demand.

New York, August 16.—The St. Petersburg correspondent of the Times says that an important personage declared to him yesterday that if Japan did not abandon her demand for an indemnity the negotiations at Portsmouth would be broken off this week. Every preparation, he said, has been made for a general mobilization with a view to a supreme effort in Manchuria in the present year. True, the chances of victory were dubious, but Russia would play her last card before accepting dishonorable conditions of peace.

The order for the mobilization will be issued in the middle of August (old style) if peace has not been previously concluded.

News from Manchuria.

Field Headquarters, Japanese Army in Manchuria, August 13, 5 p. m., via Fusan, August 15.—(Delayed in Transmission)—The Japanese reconnoisance in force along the line of the railway on the Kikin road from the Chang Tuf Line drove in the Russian outposts. On Aug. 12 eleven Russians were killed and ten captured in a conter reconnaissance in the section of Kinyton. The Russians were driven back by the Japanese outposts.

Observe Moon's Eclipse.

New York, August 16.—Although conditions here were not ideal last night, many persons saw the eclipse of the moon. The skies were filled with banks of fleecy clouds, which, for the greater part of the evening obscured the face of the satellite. There were periods every few minutes, however, which afforded a good view of the eclipse. The moon entered the penumbra as observed from New York at 2 minutes past 8 o'clock and at 17 minutes to 10 o'clock was in the shadow of the earth. It appears as though a liberal slice had been cut off from its southern horn. The middle of the eclipse was recorded at 15 minutes to 11 and at 13 minutes to 12 the moon had entirely left her shadow of the earth. She was clear of the penumbra and all such entanglements as 17 past 12 o'clock Tuesday morning.

Investigate Stock Transportation.

Chicago, August 16.—Secretary of Agriculture James Wilson, accompanied by Dr. E. S. Salmon, chief of the bureau of animal industry, arrived in Chicago last night and they will begin an investigation into live stock transportation. We have come to Chicago to learn the actual condition of the live stock traffic, said Secretary Wilson. We want to see for ourselves just what the situation is so we can handle it intelligently at Washington. The law provides that cattle shipped in cars which are not provided with conveniences for feeding and rest shall be taken out and fed at least once in 28 hours. We want to determine what conveniences are necessary to feed and rest cattle in transit.

Lightning Strikes Three Women.

Lake City, Fla., August 16.—Three negro women in a house near here were struck by lightning during an electric storm. One of them was thought to be dead and all the arrangements for the funeral were made, when she recovered.

FEWER NEW CASES OF FEVER REPORTED

Federal Authorities Feel Hopeful Over Situation.

NEW CASES 13 AND DEATHS 5.

A Large Majority of the Cases Reported Come From the Location of the First Infection—General Public Is Now More Hopeful.

New cases of fever in New Orleans since 6 o'clock p. m. Monday—13.

Total cases to date—1,031.

Deaths today—5.

Total deaths—171.

The number of new cases and deaths up to noon today shows a slight improvement in the yellow fever situation in New Orleans. The new cases continue to appear from day to day in the state, but there is no general or violent spread of the pestilence outside of the original center of infection.

Alabama and Mississippi continue free from the disease three suspicious cases at Raymond, Miss, being today pronounced not yellow fever.

Dr. Guiteras expected, he stated today, that New Orleans would be free from the infection in forty days.

New Orleans, August 16.—Fewer reports than usual were made in the earlier hours of the day of new cases of yellow fever, giving rise to the hope that the strenuous campaign of the marine hospital service has been entirely successful, and that all the old, concealed cases have been brought to light. That is the end that Dr. White has been working steadily to achieve, for he has said frequently that when he has knowledge of every existing case he can fix a time within which the fever may be exterminated.

The United States soldiers at Jackson barracks who have been kept prisoners for the past two weeks in order to guard the garrison from infection have been chafing under the restraint put upon them. Today it was announced that 200 of them would be taken in special trains to West End tomorrow for a day's recreation.

General Public Hopeful.

Hopefulness among the general public was manifested today over the yellow fever situation from the shrinkage of cases during the preceding 24 hours and the belief is gaining ground that 165 cases, reported on Saturday will prove to be the top notch figures of the present visitation of the fever. As already pointed out in The Associated Press dispatches all cases of fever which bore any resemblance to yellow fever were included in last week's daily lists with the result that many of the yellow fever cases were subsequently diagnosed as malaria.

Hereafter, more care is to be taken in investigating reports of sickness and with the doctors co-operating it is expected that all the yellow fever cases found will be promptly turned up without the necessity of including in the reports fevers of other kinds.

In order to meet the objections of doctors that inspectors have been following in their tracks and invading house from which they have already reported fever, Dr. White has put into effect a rule which will make such conflicts impossible in the future.

Wherever a case has been reported, the householder is to be provided with a card of the doctor, giving the temperature and condition of the patient, which will protect such house from further intrusion.

The weather was a trifle cooler today, but there is no indication of a decided fall in the temperature. Sudden changes in the temperature are injurious to yellow fever patients, alternations from high to low temperatures generally having a marked effect on the death rate.

Deaths Among Foreigners.

Of the twelve deaths in the preceding 24 hours seven bore Italian names, two German, two English and one French. All were below Canal street. Fifteen cases were handled during the day at the emergency hospital, where there have been to date 131 cases. Twenty-seven have been discharged, and many of the present patients are convalescent. The hospital authorities say that confidence in the treatment given in the institution among the foreign races.

The Italian sisters of the missionary order of the Sacred Heart have volunteered their services in charity work, and are working actively to relieve distress among the Italian population.

Mississippi Is Free From Infection.

Birmingham, Ala., August 16.—A special to the News from Jackson, Miss., says that Dr. William Krauss, the Memphis yellow fever expert, today examined the three suspicious cases reported at Raymond, and declared they were not yellow fever. Mississippi is still free from infection.

TWO KILLED; ELEVEN INJURED

Wreck Occurs on Central of Georgia Railway in the Macon Yards.

Macon, Ga., August 16.—A local freight train collided with passenger train No. 15 on the Central railroad at the foot of Third street, exactly two minutes after it was due here, and as a result a negro mail clerk and the negro fireman on the passenger are dead and eleven other persons are all severely injured, two possibly fatally.

The superintendent of the road will hold an investigation.

The passenger going out at 4:20 o'clock dwas due to leave the station at 4:45 o'clock and that time, it is necesary for the freight to either lie in Macon or lie in waiting at the siding northward. When the time for departure arrived Engineer John Nash mounted his engine, one of the four very large new locomotives recently purchased by the Central, and remarked as the freight had not shown up he supposed it was waiting at Summerfield, 5 miles away.

Within less than two minutes and before he had the passenger under good way, the freight, in charge of Engineer Theodore Reddy, rounded a sharp curve and the two trains came together with a crash that left both engines, one express car, one mail and 15 freight cars a mass of broken beams and warped steel and iron.

SCHWAB SAILS FOR GERMANY.

Iron King Will Investigate New Process of Making Steel.

New Yorw, August 16.—Charles M. Schwb, who arrived here from Braddock, Pa., yesterday, revealed for the first time that his trip abroad is for the purpose of investigating in Germany a new and secret process for the manufacture of steel, which may have an important bearing on th efutureof that country.

"I will be gone for three weeks, and the only country I intend to visit is Germany," Mr. Schwab said.

"I am going to inspect several steel mills. One offer is a new development in the manufacture of steel. This has been inauguarated by friends of mine over there and I am going to see what it is like. Mr. Johnson, general manager of the Bethlehem Steel company, is going with me. He added that there was a possibility of his visiting Andrew Carnegie before he went and he refused to discuss his rumored contracts to construct wharves in Russia and for Russian armor plate.

Fruit Famine Likely in Chicago.

Chicago, August 16.—With the visible supply of bananas reduced to less than half the usual amount because of the restrictions on importations made by the board at New Orleans, wholesale dealers along South Water street, are predicting a famine in fruit. Prices during the last two weeks have shown a steady rise, until they are about double what they were a month ago, and the demand is greater than the supply.

Fleet Sails for Baltic Sea.

London, August 16.—The British channel squadron consisting of eleven battleships, eight cruisers and a flotilla of torpedo boats, under the command of Sir Arthur Wilson, sailed from Spithead today bound for the Baltic sea. During the cruise the squadron will visit Youlden Grun deep, Swinemounde and Neufahrwasser.

OHIO IS SWEPT BY TERRIFIC STORM

Heavy Rainfall Cause Streams To Overflow Banks.

SEVERAL PEOPLE ARE INJURED.

Lightning Strikes Traction Cars and Farm Residences—Many Bridges Are Washed Away—Property Loss Will Be Considerable.

Cincinnati, August 16.—Reports received during the night and today indicate that the storm of yesterday and last night caused damage estimated at several hundred thousand dollars in southwestern Ohio, and less serious loss in other parts of the state and in Kentucky and Indiana.

In Hamilton, O., the rainfall reached 2½ inches, causing a flood in Miami river which washed away several small bridges and blocked traffic for service for several hours.

The Cincinnati, Hamilton and Dayton bridge near Miamisburg was washed away, and it was necessary to transfer passengers over a temporary structure.

Lightning struck a traction car near Middletown, O., during the storm and Mrs. William Kroeger, of Lemaysville suffered a broken rib and other injuries.

At Middletown the rain fall reached 4.25 inches, and both traction and the steam railroads were washed out at several points.

Near Mansfield, O., Joseph Thomas aged three years, died from the effects of a stroke of lightning, but his parents who were stunned, recovered.

Miss Nellie Smith and Miss Ella Wilson were seriously injured by a lightning bolt which struck a farm house near Marysville, O. Several other persons were stunned by lightning near Circleville, O., but all will recover.

David Watts, the 14-year-old son of a wealthy farmer in Fayette county, Ky., was perhaps fatally injured by a bolt of lightning while standing under a tree.

The damage to crops was especially heavy in Butler and Warren counties, O.

INVESTIGATION IS RESUMED

Grand Jury at Washington Takes Up the Cotton Leak Scandal

Washington, August 16.—The grand jury of the supreme court of the district of Columbia, today resumed investigation into the leakage of the cotton crop reports of the department of agriculture. C. C. Clark, chief of the bureau of statistics of the department, being the first witness. A mass of books and papers were carried into the jury room. It being understood that they were to form the basis of a minute examination into the methods of the department clerks in the east in the preparation of the crop reports.

District Attorney Beach is confident of completing the investigation in short time, and to be able to present indictments against more than one person, notwithstanding the absence of Mr. Hyde, the former statistician of the department and refusal of Messrs. Packham and Haas to testify.

Gold Hunter Killed By Train.

Middletown, N. Y., August 16.—Stephen Caldwell, of Philipsport, escaped from being struck by a train near his home. He was 86 years of age. Caldwell was in the rush to the California gold fields in 1849. He made a fortune. While returning by the Horn the vessel was burned, and all his money were lost, but he was picked up after floating a long time. Later he returned to California and was severely injured in a mine disaster.

Knights of Khorassan Meet.

Detroit, Mich., August 16.—The biennial convention of the Imperial order of the Knights of Khorassan opened here today. The attendance is expected to approximate 5,000. The first number on the program was a street parade.

RAIN HAS CAUSED SERIOUS DAMAGE

To Cotton and Other Crops in the Santa Fe River Section.

STAPLE ROTTING IN THE FIELD

The Plant is Rusting and Shedding, and to Make Matters Worse, the Invincible Caterpillar Has Made Its Appearance—Santa Fe Notes.

Santa Fe, August 16.—The cotton outlook grows more gloomy as the rain continues. It is indeed a gloomy time for the growers of cotton. It rains almost daily and cotton is sprouting and rotting in the fields; it is also shedding and rusting. One has but to look down the rows and see the young bolls and blossoms that have been drifted by the rains to be convinced of the extent of the damage that has already been done.

The caterpillars are beginning to show themselves in large numbers in some sections. Coming in this early part of the season, it makes the outlook very discouraging.

Santa Fe river is yet very full but has fell some. If the rain would cease it would soon be so people could cross where the bridges are standing. Both bridges at Worthington Springs are reported as being badly damaged and it will take considerable time to repair them after the water recedes before they could be crossed with safety.

The reunion of the Holder family, which was held on the 11th inst., that being the sixty-second birthday of Ivin Holder, one of Santa Fe's old substantial citizens, at the home of his son-in-law, D. B. Pope, and was a delightful occasion and enjoyed by all present. At night the young people were treated to a social gathering. Games and music were participated in and ice cream and cake were served, also lemonade. May he live to witness many more of these enjoyable occasions.

Mrs. W. M. Blitch, who has been visiting her daughter, Mrs. J. J. Godwin of Rex, has returned home accompanied by Master Arthur Godwin, her grandson.

L. O. Chaplin of Jacksonville visited Santa Fe last week, a guest of E. L. Blitch.

Grandpapa Futch, we are glad to note, is again able to be out. He is visiting relatives in Alachua this week.

J. W. Harrell, who has been sick for the last ten days, is fast recovering his strength.

Hon. W. N. Sheats paid our little burg a visit Friday, the guest of W. M. Blitch. The Professor has many warm friends here who were glad to meet him and welcome him again in his home county.

The summer term of the public school here is a success, it being conducted by Prof. W. E Bell as principal, assisted by Miss Georgia Martin. The school is in perfect harmony and the patrons are well pleased with the discipline as well as the advancement the pupils are making.

The family of P. D. Cox moved to Haynesworth Monday, he being agent and operator on the Atlantic Coast Line at that place.

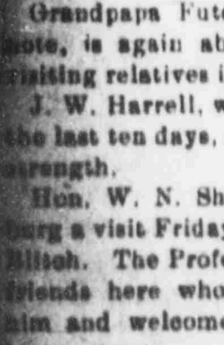
The many friends of A. D. Williams will be glad to know that he has a good position with H. C. Parker at LaCrosse. Dillard has many friends here, having ran the commissary here for E. J. Baird's mill for a year. He is a bright and promising young man and not afraid to do any work that his employer puts before him. Mr. Parker should be proud to have him with him.

Miss Julia Futch of Lake City was visiting friends in Santa Fe last week.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.



The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MORE ABOUT WEDDING.

Sibley Home Was Beautifully Decorated for the Occasion.

Editor Sun: As a guest of the Sibley household upon the occasion of the marriage of Miss Lyda, the charming daughter of Dr. and Mrs. W. H. Sibley, to Mr. James A. Dawson, I desire a few words in your valuable paper.

The Sun has already stated that the ceremony was performed by Rev. Mr. Nixon; hence it is the decorations to which I wish to refer. The home was beautifully and most tastefully decorated with evergreens, cut flowers and potted plants, making a fine effect.

The bride looked charming in a dress of white silk, elaborately trimmed with lace, and carried a bouquet of white carnations. The groom wore the conventional black.

After the ceremony the party repaired to the dining-room, where an elaborate lunch was served, after which, amid a shower of congratulations, Mr. and Mrs. Dawson were driven to the Seaboard Air Line depot, where they took the train for Jacksonville, their future home.

Both young people are well known and have many friends here who will wish them a life of undisturbed connubial bliss.

Mr. Dawson is a valued employe of the Fitzgerald Company, dealers in builders' materials, Jacksonville.

GUEST.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

LOCHLOOSA LACONICS.

Charming Visitors to That Charming Town—Too Much Rain.

Lochloosa, August 16.—We are having much rain now and the cotton crop has fallen short at least three-fourths.

Mrs. M. E. Taylor of Gainesville is visiting relatives. Mr and Mrs. McEwen of this place, and she has two charming daughters. The Lochloosa people had a nice time at a fish fry Saturday in their honor. After the fish fry the Misses Taylor and Miss McEwen had a pleasant time boat riding on the lake with Tom Morrison of this place.

Mrs. Josephine Bates of White City returned home yesterday after a long visit to friends and relatives.

The friends of the Misses Taylor will give a complimentary ice cream party before they return home on Saturday.

MR. HYDE SELLS VALUABLE PROPERTY

Disposed of Elegant Block and Residence to Jas. M. Graham.

WILL CONTINUE THE BUSINESS

Has No Idea of Closing Store Here and Gives Good and Feasible Reasons for Selling—Is Interested in Gold Mining in the West.

One of the most important real estate transfers ever brought about in this city was the transfer Saturday of the property of George W. Hyde to James M. Graham.

The property involved the elegant two-story pressed brick front block of Mr. Hyde, corner of East Liberty and East Main streets, containing three elegant stores, and the home of Mr. and Mrs. Hyde, corner of East Mechanic and East Main streets, immediately in rear of the Hyde block. The consideration was $20,000, and the papers were filed Wednesday in the office of the clerk of the circuit court.

In disposing of his property Mr. Hyde has no intention of leaving Gainesville. He has conducted a prosperous business for many years and will continue to do so; but while he had an opportunity he deemed it best to dispose of his real estate at a reasonable figure, as he feels that, while he continues business, it will be equally as cheap to pay rents as to keep up the insurance, taxes and repairs on the property. This is of course Mr. Hyde's version, but naturally the purchasers looked at the matter from another direction.

The immense dry goods business of Mr Hyde will be continned uninterrupted, and he has no intention of retiring. As evidence of this fact, he has leased the stores he is now occupying for a term of one year, and will continue "at the same old stand."

Mr. Hyde, in referring to the sale Wednesday, stated that he exercised as much confidence in Florida, and more in Gainesville, than ever, and proposed to remain in Gainesville the balance of his life. "The Gainesville folks have got to bury me when I die, if I live a thousand years," he added good-naturedly. "I have no objection in the world to this city and its people. Both myself and my family are well satisfied here, and propose to spend the balance of our lives in Gainesville, as far as we can see now."

Mr. Hyde, in conversation, admitted that he is heavily interested in gold mining in Nevada and California. In fact, he stated freely that he had considerable money invested there, and that his investments are paying him well and are entirely satisfactory. While he will make his home here, it may become necessary for him to make frequent trips to the West to look after his interests.

The people of Gainesville will be gratified to learn that Mr. Hyde and family will continue to reside here, and that Mr. Hyde will manifest the same interest that he has always manifested in the city's welfare, for he has been a most valuable citizen.

INSPECTOR MEANS BUSINESS.

Will Arrest Every Person Who Fails to Clean Up Premises.

Sanitary Officer Chas. Warren states that he has experienced a little trouble in regard to persons not complying with orders of the sanitary department to clean up. The inspector leaves an order, whenever he finds it necessary, to clean the premises within twenty-four hours. These instructions have been disobeyed in a few instances, and property owners have become insolent in the matter.

Officer Warren desires The Sun to state that in future all instructions to clean premises must be enforced within the time prescribed, and in the event of failure the offender will be arrested and punished accordingly.

There is a strict law requiring the keeping of premises clean, and the failure of property owners to comply with same must suffer the consequences.

BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

STATE EXAMINATION

To be Held at Gainesville at the Close of the Summer Training School.

An examination of applicants for State, Primary, and Special certificates will be held in the city of Gainesville, beginning on Wednesday, Aug. 30th, at 9 o'clock a. m. All persons desiring to apply for any one of these grades of certificates will please be on hand on the date above mentioned.

Information About State Certificates.

Texts from which questions will be taken, with publishers:

Geometry, White's—American Book Company, Atlanta.

Trigonometry, Wentworth's (new)—Ginn & Co., Atlanta. Any Logarthmic tables.

Botany, Gray's Field, Forest and Garden; with Apgar's Plant Analysis—American Book Company.

Zoology, Packard's Briefer Course—Henry Holt & Co., New York.

Physics, Avery's Elementary—Sheldon & Company, New York.

Literature (English), Trimble's short course—Eldridge & Brother, Philadelphia.

General History, Myers'—Ginn & Company.

Psychology and Psychic Culture, Halleck's—American Book Company.

Latin, Harkness' Grammar—American Book Company.

Caesar, (two books) Lowe & Ewing's—Scott, Foreman & Company, Chicago.

Virgil (two books of Aeneid)—Any text.

Examination of Primary Certificates.

1st. Written (a) Academic—A written examination of not less than three questions on each subject, the equivalent of the second grade questions in the uniform examinations, will be required on Arithmetic, English Grammar, Geography, History, and Composition.

(b) Methods and Principles—One written examination of ten questions, showing the applicants' knowledge of the theory and art of education, especially as they relate to primary work, will be required. This examination will be based this year on Arnold's "Waymarks," published by Silver, Burdett & Company; White's "The Art of Teaching," published by the American Book Company; "Prince's Courses of Studies and Methods of Teaching," published by Ginn & Company; "Augsburg's Drawing," Book I, published by the Educational Publishing Company.

2nd. Oral—Every applicant must give in the presence of the examiners three lessons on subjects taught in the primary department, outlining and developing her method of teaching each subject.

3rd. Oral and Written—After the present year applicants will be tested on physical culture, manual training, school singing, and the elements of psychology on representation, memory and will as treated in Halleck's Psychology and Psychic Culture; at least, so much of these subjects as relate to primary grades.

4th. Every applicant will be required: (a) to show a fair knowledge of the classics suited for children; (b) to demonstrate her ability to do rapid blackboard sketching in such simple design, outline and perspective, as is necessary in successful primary teaching; (c) to read well and with expression.

Validity and Term.

A primary certificate will be good for four years and will be valid for teaching only in the first, second and third grades of regularly graded schools or in public kindergartens.

After four years of successful teaching under a primary certificate the State superintendent may make it valid during the life of the holder without further examination.

Examinations for Special Certificates.

Examinations for special certificates will be given applicants at the same time and place the examination for primary or State certificates is held. They will be entirely written and based on the same texts and equally as difficult as examinations for first grade or State certificates on the same subjects.

An applicant must present satisfactory evidence showing peculiar fitness for teaching the particular subjects on which this certificate is asked. He must make a grade of 90 per cent on each branch which the certificate gives the right to teach.

It is valid for five years and for teaching only the subjects named in the certificate.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

A Happy Marriage.

There was a happy marriage at the home of Mr. and Mrs. N. W. Malphurs, 906 East Court street, last night, when their daughter, Miss Viola Malphurs, was united in the holy bonds of matrimony to W. L. Beck, Rev. S. B. Rogers of the First Baptist Church officiating.

The wedding was a quiet one, only members of the family and a few intimate friends witnessing the ceremony.

The groom is a young man of sterling qualities, and has the friendship and confidence of all who know him. The bride is possessed of a most amiable disposition, and has a great many friends.

The Sun, with other friends extends congratulations, with best wishes for a long and happy married life.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

A Pleasant Affair.

In honor of her little niece, Miss Anne McKinstry, daughter of Mr. and Mrs. W. R. McKinstry, Miss Kittie Carlisle gave a party at her home, South Arredondo street, Wednesday afternoon.

A large number of friends of the little lady, as well as some older ones, were present. The afternoon passed in games appropriate to the occasion, and delicious refreshments were served. At the closing of the day the guests departed, expressing compliments to the honored hostess, and wishing many happy returns.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

The recent heavy rains have been of great benefit and laid the dust in the lakes around Umatilla.

The Jacksonville health officers had a man arrested for permitting rain water to collect on his roof.

Apalachicola has a recreation pier that furnishes the people of that place a pleasant resort for the warm evenings.

An alligator was killed at Yellow River last week that measured twelve feet and four inches in length and weighed 1,100 pounds.

St. Augustine fish story: A sawfish was caught at the dock Sunday that measured 15 feet from tip to tip. Six men landed him. Hats off.

C. W. Sinclair will put up a saw mill at Madison and run a railroad several miles to a fine tract of timber he expects to manufacture into lumber.

Caterpillars are so numerous in the pecan trees at Pensacola that many people are alarmed. Can't someone suggest a way to drive them out of the trees?

The corner stone of the Masonic-Pythian building at Mayo will be laid Wednesday, August 23d. All fraters are invited to be present and a big time is expected.

Lake City is a dry town, but if her young men drink Peruna at home like the baseball boys did in Live Oak last week the drug stores certainly have a bonanza.—Live Oak Crescent.

The Mallory Steamship Company has secured the contract to deliver 50,000 barrels of cement at Key West to be used in the construction of the Florida East Coast Railway. Some will be sent to adjacent keys.

Miss Bessie Dame, 19 years of age, has been missing from her home in Jacksonville since 9 o'clock on Monday morning. Her home life was happy so far as her parents, Mr. and Mrs. G. E. Dame of 115 Dora street, know.

The Chipley correspondent of The Pensacola Journal says: "The B. C. & St. A. R. R. is making haste slowly. They can't get labor. The saw mills, planing mills, brick yards and farmers are all complaining of the scarcity of labor. There are hands enough but wages are too high. The average negro will only work for enough money to spend. When he received 60 to 75 cents per day he would work 5 to 5½ days a week. When he gets $1.00 he will work 4 days a week. When he gets $1.50 he will work 3 days a week. If he got $5 he would work one day in a week. The more wages he gets the more time it takes him to spend it."

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief, after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At [illegible]

OLD SORES

ROOTED IN THE BLOOD

Old Sores are the result of a deeply polluted, foul blood supply. The blood is filled with poisons, and as it finds an outlet through the ulcer, the surrounding parts become diseased and the sore eats deeper into the tissues and flesh and becomes a permanent trouble.

Some years ago while at work, I fell over a truck and severely injured both of my shins. My blood became poisoned as a result, and the doctor told me I would have running sores for life, and that if they were closed up the result would be fatal. Under this discouraging report I left off their treatment and resorted to the use of S. S. S. Its effects were prompt and gratifying. It took only a short while for the medicine to entirely cure up the sores, and I am not dead as the doctors intimated I would be, neither have the sores ever broken out again, and some twelve years have elapsed since what I have described occurred. Having been so signally benefited by its use I can heartily recommend it as the one great blood purifier.
Wheeling, W. Va. J. W. FUNDIS.
Care Schmulback Brewing Co.

Salves, powders, plasters, etc., do no good, and the sufferer gets disgusted and often despairs of curing an old sore. The trouble is in the blood and until the poisonous matter that is keeping up the ulcer is driven out the place cannot heal. S. S. S. reaches these old sores through the blood by removing every particle of poison or impurity from the circulation and building up the system. It makes the blood healthy so that as it circulates to the diseased parts the tissues are strengthened and the sore can heal naturally and permanently. If you have an old sore or ulcer do not waste time with salves, powders, plasters, etc., but write for our book and ask for any medical advice you wish. We make no charge for either.

Final Rites Are Performed.

Santiago, Calif., August 16.—The final rites over the dead of the Bennington were performed at the military cemetery at Fort Rosecrans yesterday afternoon in the presence of the survivors of the Bennington. The officers and crew of the Chicago and a large concourse of people. The exercises were simple. Chaplain A. W Stone, of the navy, read the Episcopal service. The graves were strewn with flowers, the usual volleys were fired and the buglar sounded taps. The Bennington is anchored off Fort Rosecrans waiting for the tug Fortune to take her in tow for San Francisco. The Chicago has passed outside the harbor but is supposed to be at anchor awaiting the Bennington.

Fight Over Large Fortune.

New York, August 16.—Managers of the Metropolitan Museum of Art, of New York, have another legal fight on their hands for possession of the estate of the late Jacob Seigers, valued at $6,000,000. Mrs. Virginia Heinisch, half-sister of the dead locomotive builder, yesterday brought proceedings in Paterson, N. J., to recover $1,000,000 with accumulated profits, which she alleges her father, who also was the father of Jacob Seigers, had placed in the locomotive business for her.

Mob Seeks Gotham Policeman.

New York, August 16.—The East Twenty-second police station was stormed last night by a crowd numbering several hundred who demanded revenge upon Patrolman Hale, who had clubbed Joe Hagan into unconsciousness. Hogan, according to the policeman, with several companions had been blocking the sidewalk and when ordered to "move on" had attacked Hale with a hatchet. Hogan was removed to a hospital, where it was said that his skull was fractured, and that probably he would die. The crowd finally dispersed.

Famine Threatens Spain.

Seville, Spain, August 16.—The authorities have dispatched reinforcements to the Ossuna district to cope with the anarchistic conditions there arising from depredations committed by the famine-stricken peasants. Bands of laborers are pillaging the farms and slaughtering and carrying of the cattle and sheep, and the proprietors of the farms are terrorized. The marauders are so numerous that the gendarmeria are quite powerless to prevent the sacking of villages and homesteads.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured."

Victim of an Auto Accident.

New York, August 16.—Harris Lindley, who met death in an automobile accident at Bennington, Vt., yesterday was appointed third deputy police commissioner by Commissioner McAdoo, on April 11, 1904, to succeed John F. Cowan, resigned. His principal duty was to try delinquent policemen and to have charge of the purchase of supplies for the department of Mr. Lindley was was 35 years old. He came of old New England stock on his father's side, and his mother is a member of the well known Harris family of Tennessee. His grandfather was T. George Harris, a pay director of the United States army.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

Coinage at Mint Suspended.

Washington, August 16.—The suspension of gold and silver coinage at the Philadelphia mint beginning tomorrow, is explained at the treasury department by the statement that the stock of silver bullion is entirely exhausted and there is no call at present for gold or minor coins. During the coming suspension of coinage, the mint will be open to receive deposits of gold bullion as usual.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by all druggists.

Historical House Burned.

New York, August 16.—The ancient three-story and attic house at Elm and Prince strets, in which President Monroe died on July 4, 1831, was partially destroyed by fire early this morning. The fire started in a rag store in the basement. Several weeks ago a bronze tablet commemorating James Monroe's death there was placed in the house.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Washington, New York and Brooklyn are all three having a hard struggle with typhoid fever, that is quite as much to be dreaded as the yellow fever. In Washington a desperate effort is being made to check the disease.

It takes about one hundred days to mature the corn crop of the United States and it is worth in round figures nine billion dollars. A little sum in division shows that every day that goes by without damage to corn means $90,000,000 to the farmer.

Havana now has it on Tampa and other Gulf ports. Health Officer Finlay of Havana says that "at the present time the Cuban authorities could not safely lift the quarantine from any of the Gulf ports." This is because New York has quarantined against all ports south of Savannah, and the Doctor says that Havana cannot be any more careful than New York.

REFORMERS.

In every State where the Republican party has had full sway for a number of years, there has been a reaction, or one is taking place, and the people are crying out for reform. In several instances the Republicans have grasped the situation and offered up some of their own party members on the cleansing fire, and by so doing shifted the blame on a few and still maintain control of affairs in the name of the Republican party.

Mayor Weaver of Philadelphia has been very active in his reform of the municipal government of the City of Brotherly Love, and he is now down as the independent candidate for governor.

In Wisconsin when Governor LaFollette takes his seat as United States Senator, Lieutenant-Governor Davidson will fill the place, and Mr. Davidson is the right-hand man of the governor and a reformer as well, who has served the State as treasurer and knows the ins and outs very thoroughly.

In many of the States where an attempt at reform has been made, it has proven disastrous to the ones who advanced the idea, and in several instances the men who have been foremost in the movements have been dropped with such a dull, sickening thud, that they have had the desire for reform completely knocked out of them. There is work for reformers left, but we will never get much from the dominant party.

TAMPA FAIR.

The premium lists for the coming State Fair, to be held in Tampa November 15th to 30th, will be printed and ready for distribution during the coming week and all desiring lists should at once write to F. L. Huffaker, secretary, who will gladly send them out. The premiums, owing to the liberal appropriation made by the Legislature, are the largest ever given at a State fair in the South, and no producer should fail to compete for one or more of them.

Work on the fair buildings is progressing raidly and everything will be in readiness at least two weeks before the fair gates open. In addition to the giant main building and the woman's department building, a number of others will be erected, including one for exhibits by the negroes of Florida, for whom special prizes will be given. The erection of these additional buildings will make necessary the extension of the fair grounds to a considerable extent.

President Brown, who recently returned from New York and other Eastern cities, secured for the fair the finest amusement attractions ever brought South, drawing upon Coney Island, Luna Park and other famous resorts for them. Nothing but what is novel and high-class will be allowed on the grounds, and nothing of a gambling nature will be tolerated.

SHE SURE IS.

The commissioners of Alachua county have appropriated $500 for an exhibit at the Tampa Fair. Thought Gainesville was already on a "fair" road to prosperity, having received so many blessings lately.—Live Oak Crescent.

Yes, our neighbor is right. Gainesville is already on a "fair" road to prosperity. But Alachua county is doing the appropriating of $500 for an exhibit at the Florida State Mid-Winter Fair at Tampa, and as it is a State Fair and Alachua a county of the State, the people take an interest in trying to make it a success. People who go to the State Fair and see what can be produced from Florida soil, know it themselves. Seeing is believing.

The New York bread strike is over and there has been a hot time at the bakeries since.

The people of Russia are rather indifferent regarding peace negotiations. Peace or war makes very little difference with the peasants, who are murdered by the government in times of peace and killed in battle in times of war. The war indemnity to Japan will only mean a harder struggle for the working people, which will create dissatisfaction, cause riots and be the means of sending those to Siberia who escape the sword. Russia is tottering to her ultimate collapse.

The President scored the trusts and monopolies at Chautauqua, but they have been hearing the same song so long that they do not fear him in the least. It has been several months since the talk began, and the meat trust talk is getting rancid and the rolling stock of the railways in the controversy worn out.

Annual Meeting of Eagles.

Denver, August 16.—The eighth annual meeting of the Grand Eyrie of the Fraternal Order of Eagles, began here today. The gathering promises to open a new epoch in the history of this fraternity. The ritual is to be wholly revised along Masonic lines so as to place the order on a firmer basis and greater restrictions will be placed on membership, although no occupations will be barred. Another important matter under consideration is the establishment of a home.

Prevent
As Well As Cure
Headache

If subject to headache, take Dr. Miles' Anti-Pain Pills when you feel the first indication of an attack, and you will find that they rarely ever fail to stop further progress.

Pain weakens the nerves, and the longer you suffer, the more frequent will be the attacks.

On the contrary, if the nerves are relieved of this weakening influence, the attacks will be less frequent, and finally disappear altogether.

Dr. Miles' Anti-Pain Pills contain no opium, cocaine, morphine or chloral in any form. They are absolutely harmless if taken as directed, and will have no other effect, except to drive out the pain.

"Dr. Miles' Anti-Pain Pills are all right, and I can recommend them to any one in need of a remedy for headache, neuralgia, or pain of any kind. My health is not very good, and I am subject to frequent attacks of severe headache, but since I began taking Dr. Miles' Anti-Pain Pills I do not suffer from that trouble as I used to. They never fail to give relief in a few minutes, and if taken promptly on the approach of headache will prevent an attack from coming on. Pain Pills prevent, as well as cure."

MRS. WM. PEDRICK,
Gloversville, N. Y.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

Arrested for Attempted Assault.

Roberta, Ga., August 16.—Alford Howard, a negro, charged with attempted criminal assault upon Miss Mamie Childers, has been arrested and is held to await trial before the superior court. His preliminary trial occurred Monday and the court placed the negro's bond at $500. The attempt was made about 11 o'clock at night. He entered the room through a window. His presence soon awoke the young lady, who began screaming, which aroused Mrs. Childers and the rest of the family. There was no demonstration against Howard, and the law will be permitted to have full sway.

Mormons Ask for Damages.

Knoxville, Tenn., August 16.—Damage suits aggregating $40,000 were filed in federal court at Greenville, Tenn., by Mormon missionaries, who charge that they were roughly handled in Greene county when they attempted to preach Mormon doctrine. The suits are styled F. J. Sorenson v. Dan Price, et al., W. T. Battle v. Smithson, et al., Olaf Jetson v. Dan Price, et al. In each suit $10,000 damages are asked for personal injuries. Hon. W. D. Wright, United States Attorney for the eastern district of Tennessee, is one of the attorneys for the plaintiffs.

Rev. W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by W. M. Johnson.

Two Men Killed in Collision.

Toledo, O., August 16.—Two Wheeling-Wabash freights sollided head-on near Fremont and Brakeman George Wells, of Norwolk, and George Peck, of Toledo, were killed. Failure of the westbound train to get orders to stop at Clyde is claimed to be responsible. The locomotives were badly wrecked and six cars were destroyed. Crews of both engines escaped by jumping.

How to Avoid Appendicitis.

Man Charged with Murder.

Chicago, August 16.—The Inter-Ocean today says that a warrant has been prepared, charging George Lawrence, alias Bennett Marsh, formerly employed as a chauffeur, for various wealthy Chicagoans, with the murder of William Bate, the young chauffeur whose dead body was found leaning over the steering gear of an automobile at a lonely spot in the road near Lemont on Nov. 19, 1904.

Peculiar Disappearance.

J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores; price 25c.

Killed Brother Over Wrisky.

Dalton, Ga., August 16.—Two brothers named Tucker disputed over the division of a quantity of whisky yesterday afternoon in the upper end of Murray county, and one was killed. Details are meager as the place is out of 'phone or wire reach.

LONG BURNING FIRES.

Some In England Which Have Not Been Out For Centuries.

There are domestic fires burning in Yorkshire, England, today which have never been out for hundreds of years. At the old fashioned farmhouses in the dales of Yorkshire peat is still burned. The fuel is obtained from the moors, and stacks of it are kept by the farmers in their stack garths.

The country round about is noted for its "girdle cakes," which are made from dough baked in quaint pans suspended from the peat fires. These fires are kept glowing from generation to generation, and the son warms himself at the fire which warmed his sire and his grandsire and his grandsire's sire and which will warm his son and his son's son.

There is a fire at Castleton, in the Whitby district, which has been burning for over 200 years. The record probably is held by a farmhouse at Osmotherly, in the same district. The fire has been burning for 500 years, and there are records to show that it has not been out during the last three centuries.—St. Louis Post-Dispatch.

Burglars' Superstitions.

A writer who has been investigating the old subject of superstition among burglars gives it as his conclusion that no burglar will "crack" a house where a female servant that squints is kept. If a burglar sees three different horses slip down in a day he will not "work" that night. One man in the dock confessed that members of his profession would never burglarize houses with the numbers 22, 93, 111 and 444.—Philadelphia North American.

A GREAT EDUCATIONAL MOVEMENT!

A Magnificent Library Worth $500 Offered Free of Cost!

Something SUN Readers Should Consider

Read the Following Details Carefully:

The Mystery Surrounding the Beautiful Display in G. W. HYDE'S Window Revealed in the following.

A number of our enterprising merchants have arranged what will prove to be a most interesting contest between the High School, Twentieth Century Club, Odd Fellows' Home, B. P. O. Elks, Volunteer Firemen, Masons, W. O. W., K. of P., Gainesville Guards, Kirby Smith Chapter or J. J. Finley Chapter of the U. D. C., or any church, Sunday school, hospital organization or institution you would wish to own the beautiful library valued at $500, now on display at G. W. Hyde's.

THE REWARD will be a magnificent library, consisting of 200 volumes of the standard subscription publications of the day as follows: The Great Chas. Dudley Warner "Library of the World's Best Literature," 46 volumes; "Library of the World's Greatest Classics," 30 volumes; the Anglo-American Dictionary and Cyclopedia, 12 volumes; Library of Oratory, by Depew, 15 volumes; Works of Balzac, 36 volumes; the Library of Poets, 32 volumes; the World's Best Essays, 10 volumes; History of Our Great Commanders, 12 volumes.

Each and every one of these books are specimens of the best mechanical execution, which examination will prove.

The conditions of the contest are as follows: Any lodge, church or school, club, hospital or organization, public or private, is eligible to the contest. Votes for individuals will not be counted. With each 10 cents purchase a ticket will be given by the merchants through whose liberality these grand libraries are furnished, on which will be written the amount of the purchase and the number of votes. The purchaser will write on the ticket the institution or organization for which he or she desires to vote, sign their names and deposit the ticket in the ballot box in the store in which the purchase is made.

The standing of the contestants will be published exclusively in each Sunday's issue of The Sun until October 14th, 1905, at 7 o'clock p. m., when the remaining votes will be counted, and the magnificent library awarded to the organization having the largest number of votes. The Sun will publish in each issue a coupon which will entitle the holder to two votes that will be credited to the institution that is written on space provided for same when delivered to the ballot boxes in either of the stores.

Voting Tickets Can be Secured From the Following Merchants:

G. W. HYDE.

The leading Dry Goods store. Voters, remember this is headquarters.

Marcus Endel.

The leading Clothier, Men's Furnisher and Tailor of Gainesville. We satisfy the most exacting demands of all. Votes count here.

Gainesville Furniture Company.

The big Furniture store, where you can vote every payment you make, cash or installments. Don't overlook this valuable precinct.

L. C. Smith.

The best and largest variety of Shoes in town. We have the pair you want. We have the votes. Come and see us.

J. S. Bodiford & Company.

The reliable druggists. A busy store where the voting will be heavy. We have them.

J. W. McCollum & Company.

The up-to-date Druggists. The votes are here. Come see us.

L. C. Smith.

The leading Jeweler. Our splendid stock will supply the most exacting demands. The votes are here in plenty.

A. L. Vidal & Company.

The only Soda Fountain, Confectioner and Book dealer issuing votes. They count here.

W. R. THOMAS.

Our Buggies, Wagons and Harness are the best at the right price and a vote worth going after. Our Livery department affords a splendid opportunity to vote.

W. S. Dorsey & Company.

The Grocery and the Market offers the strongest precinct. 75 per cent of your voting strength is with the grocer; every meal you serve, it's voting. Bring your account and vote when you pay the same.

Gainesville Planing and Coffin Co.

A glorious opportunity for contractors to vote for their favorite. A load of wood 10 votes. Don't miss them.

W. D. Fagan & Company.

Our Meats and Vegetables are the best the market affords. Vote here.

Gainesville Steam Laundry.

Give us your work; save the bundle slips. Get your friends to do likewise. Take them to our agency and get the votes. Big item.

A. M. Cushman.

Votes will be issued for premiums on new policies written or old policies renewed, provided such premiums are paid within thirty days of date of policy. For each 10 cents of premium one vote will be issued.

Mrs. S. W. LeGrande.

The only Millinery and Notion store issuing votes. Vote here.

Merchants, Note Carefully.

The rules of the contest provide that each merchant shall carefully make a record of his vote on Friday night of each week, sending a duplicate of same to The Daily Sun, on Saturday before noon of each week, over his own signature, including the tickets, carefully wrapping and tying them up in as small a package as possible; write your own name and date of delivery on each so that they can be filed away with your records and delivered to a committee on awards appointed at the close of the contest.

THE SUN'S Voting Proposition.

Under no circumstances will an employe of this paper be allowed to cast a vote in this contest.

We will give a premium of 75 votes for every paid three months' subscription, 200 votes for every paid six months' subscription and 500 votes for every paid subscription for one year to Daily Sun, and 200 votes for one year's subscription to Semi-Weekly Sun. Old subscribers get the same number of votes by paying their subscriptions in advance. Every voter should be a subscriber. To the institution securing the largest number of votes in this manner, we will award at 7 o'clock p. m., October 14th, 1905, 10,000 votes.

LIBRARY VOTING COUPON.

This coupon entitles the holder to two votes that can be cast for any institution competing for the beautiful library, when properly filled out, signed and returned to the ballot boxes in either the above stores.

TWO MORE NEW COUNTIES.

Legislators Would Abolish Negro State Troops—Other News.

Atlanta, August 16.—Fully sustaining the report of its committee on new counties, the house of representatives has completed its work on the new county bills, passing each one of them just as the committee recommended, and without a single amendment except such as the committee approved. By this action the house demonstrates its confidence not only in the committee, which had this important work before it, but also in Speaker Clayton, upon whom the selection of the members of the committee devolved.

The new county business was concluded by the house Monday when it passed the bills providing for the creation of Stephens county from parts of Habersham and Franklin and Toombs county from parts of Emanuel, Tattnall and Montgomery. Stephens met with warm opposition, but Toombs went through without a voice being raised against it. The house has also passed bills providing for the establishment of eight new counties, all that are allowed under the constitutional amendment.

Abolish Negro Troops.

If the senate sustains the action of the house, the negro troops of the state must go out of the service.

The house Monday by a vote of 106 to 46 passed the bill by Mr. Land, of Wilcox, which abolishes the battalion of negro troops in Georgia.

This action was taken despite the assertion made by Mr. Hall, of Bibb, and others, that this legislation would, no doubt, prevent the Georgia militia from enjoying the benefits of the Dick militia law, and would probably result in the federal appropriation of $25,000 being withdrawn from this state.

The members felt, however, they would rather take the chances of losing the government appropriation than have in any case negro officers taking rank over white officers, as might easily come about under the provisions of the Dick law.

In the Senate.

What is believed to have been the skirmish preliminary to the approaching new county fight in the senate took place in the upper house Monday when a resolution was introduced by Senator Steed providing that the new county bills be taken up in the senate on Wednesday morning, and made the special continuing order of business until disposed of.

After a heated fight in the senate committee on finance upon that portion of the general tax on foreign corporations, the committee Monday afternoon voted favorably.

The fight against this section of the general tax act was the liveliest that came up before the senate committee. Several important amendments were made to the house bill.

Cured Hay Fever and Summer Cold.

A. J. Nussbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I decided upon having Foley's Honey and Tar and it cured me. My wife has also used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Sad Colored Wedding.

There was a swell wedding in the colored set Wednesday evening, the parties being Edgar Dansby and Miss Hughes, two of the leading society people of the city.

The ceremony was performed in Mt. Zion Church, Rev. J. M. Gilbert officiating. The church was crowded with many of the white friends of the contracting parties besides the colored. The ceremony at the church was followed by a grand reception at the home, West Main street, where merriment reigned for an hour, when friends congratulated the newly married couple and departed.

Another Man Gone Wrong.

He began to take Foley's Kidney Cure at the first signs of kidney trouble. He would wear away. He was a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once all symptoms will disappear, the kidneys are strengthened and you are sound and well. A. R. Base of Logansport, Ind., had to get up ten times in the night, and had backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Two Negroes Are Killed.

Cordele, Ga., August 16.—Parties arriving on the Albany and Northern train Monday brought reports of a shooting affray which occurred near Oakfield, 18 miles southwest of Cordele, in which two negroes were killed outright and three fatally wounded by a woods rider named Malfis. Malfis is a woodsman for the Oakfield Naval Stores company. Telephone and telegraph wires are down but all stories agree that the woodsman had words with several negroes in their settlement Saturday night. In consequence seven of them waylaid him as he started on his rounds.

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

DOTHAN, ALA., JULY 13, 1899

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: We have been selling your Texas Wonder, Hall's Great Discovery, for two years and recommend it to anyone suffering with kidney trouble as being the best remedy we ever sold. Yours truly, J. B. YORNG.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists

J. Stuart Lewis of Tallahassee is in the city. Mr. Lewis is en route home from Orange Lake, where he has been on a visit to his mother, Mrs. M. O. Lewis.

Conductor H. M. Peake of the Atlantic Coast Line is again on the High Springs-Micanopy-Citra run, having relieved Conductor C. R. Carter, who has been transferred to the West Coast division.

Miss Helen Hall, a charming young young lady of Colee, who has been visiting Miss Ada Banks in this city, left yesterday for Green Cove Springs, where she will spend a while before returning home.

Hon. John Duncan, postmaster at Jasper, was in the city for a few hours yesterday. Mr. Duncan was en route home from a visit to South Florida and stopped over to pay his compliments to his friend, Col. Henry S. Chubb.

Green Chaires of Old Town was among the prominent visitors to this city yesterday. Mr. Chaires states that the continued rains in his section have wrought great damage to crops, and in many instances have run the cattle off the range. The lowlands are overflowed, but the Suwannee river is at its normal heighth.

J. L. Medlin, the naval stores operator of Meredith, was in the city yesterday. Mr. Medlin states that his good wife has just concluded a trip to the Lewis & Clark Exposition, Portland, Oregon, as well as points in California, Colorado, etc. She is now in Clyo, S. C., where she will remain with friends and relatives until early fall.

Hon. J. A. Rosborough of Windsor, one of the most efficient representatives in the Florida Legislature from Alachua county, was among the visitors to this city yesterday. Mr. Rosborough, who is one of the live wires of his section, has been appointed a Fair commissioner by the Board of Directors of the Alachua County Fair Association. The appointment was a wise one, as Mr. Rosborough wields a good influence in the East End.

PHIFER BROS.,

Phifer's Corner.

Friends of Mrs. H. L. Phifer, who left this city for Weaverville, N. C., a few days ago, will be pleased to learn that she reached her destination safely, and a letter bears the information that she is enjoying herself in the exhilarating atmosphere of the Tar Heel State.

Mrs. S. M. Adamson left yesterday for Savannah, where she was summoned on account of the illness of her sister, Mrs. Kate M. Young. Mrs. Young resided for many years here and her numerous friends will regret to learn of her illness but trust she will soon recover.

Mr. and Mrs. E. G. Richardson have arrived from South Carolina, and are pleasantly located at the home of Mr. and Mrs. F. R. Seawell. Mr. Richardson is a representative of the Good Roads Machinery Company at Kennet Square, Pa., and will make his headquarters here for a while.

James Holder, formerly of Rochelle, but now engaged in the manufacture of naval stores at Citronelle, was visiting this city yesterday. He was accompanied by his wife and child. Mr. Holder and family have been visiting the former's father, Ivin Holder, at LaCrosse, for the past week, and were en route home.

Dr. W. H. Sibley left yesterday for Boston, where he expects to spend a month. Mrs. Sibley will attend to the Doctor's patients during his vacation, after which she will continue to assist him in his practice. It is not generally known that Mrs. Sibley is a graduate of Hahenam Medical College of Chicago, class of 1878, and before coming to Florida was engaged in active practice.

W. W. Shipman, Florida freight agent of the Ocean Steamship Company, with headquarters in Jacksonville, was in the city yesterday. While here Mr. Shipman, who is a great dog fancier, purchased one of the thoroughbred pointer pups of J. A. Goodwin. This pup is from registered stock, and will make a fine hunting dog. Mr. Shipman is very proud of his new possession.

Registration Notice.—Notice is hereby given that the registration books of the City of Gainesville are now open at my office in the United States land office, where all persons qualified to register, including residents of the new territory added to the corporate limits of the city by the new charter enacted by the last Legislature, may register between the hours of 8 and 12 a. m. and 1 and 4 p. m. Books close on Saturday, September 9th, 1905. J. M. DELL, City Clerk.

Joe Sylvester of Hague was in the city yesterday. He was en route from Campville, where he went to accompany his mother and aunt a day or two ago. Mr. Sylvester had rather a trying experience in trying to reach Gainesville on his return. The train left him at Campville and he was compelled to walk to Hawthorn, a distance of several miles, in order to catch the Atlantic Coast Line train for Gainesville. He had plenty of time, however, and took the matter good-naturedly. Joe says it's cheaper to walk, but a great deal more satisfactory to ride.

THE YELLOW FEVER.

The News from New Orleans is Very Encouraging.

New Orleans, August 16.—It is apparent that there is a slight improvement in the yellow fever situation, although new cases are reported in other parts of the State. There is no general spread outside of the infected districts.

Joseph O. Daspl, a bright young lawyer, was the second victim in a fortnight above Canal street.

The plan of transferring the fruit business to Chalmette had to be abandoned, the authorities at St. Bernard refusing to give permission for boats to unload.

Nineteen new cases and three deaths were reported up to noon today.

A Jolly Party.

Mr. and Mrs. W. H. Powell and four children, Mr and Mrs. C. D. Wood and two children, and Mrs. Gibson, formed a jolly party of Archer folks who passed through the city yesterday en route to Seabreeze. They have made all arrangements for a stay of two or three weeks, and it is needless to add that they will enjoy their trip to the fullest extent.

Attention, U. D. C.

The regular historical meeting of Kirby Smith Chapter, U. D. C., will be held at the home of Mrs. H. H. McCreary, East Liberty street, at 4:30 o'clock this afternoon. An interesting program has been arranged, and a full attendance is requested and desired.

RUSSIANS CONSIDER JAPAN'S PROPOSALS

Envoys Working Hard to Dispose of Small Claims.

CLASH IS BEING LOOKED FOR

Article 5, Which Relates to the Cession of Sakhalin Islands to Japan Will Be Fought by the Russians—St. Petersburg is Pessimistic.

Portsmouth, N. H., Aug. 16.—Article 4 of the peace conditions has been agreed upon.

Portsmouth, N. H., August 16.—The peace conference began at two minutes before 10 o'clock. The plenipotentiaries went to the navy yard in their motor cars, but the trip was a somewhat slow one on account of the drizzling rain which made the roads muddy. Ten minutes after their arrival at the naval stores building the negotiators had taken their places in the conference room and work began.

That making peace is a strenuous life is illustrated by the daily program of work of the peace envoys and their suites. Eight sessions of the conference have been held since the arrival of the missions at Portsmouth one week ago, and all but one of these has been long as to hours. Outside the sessions every one connected with the work has continuous and taxing occupations with but few hours for rest and practically none for recreation.

The envoys have breakfast before 9 o'clock; they are in the navy yard before 10 o'clock and with the exception of a brief space for luncheon, served in the conference building, they stay in session until evening. After this, a hurried dinner is served at the hotel and the work of the evening and night begins. Last night M. Witte and Baron Rosen there was an outside duty and one of almost as much importance as peace between Russia and Japan, namely, the consideration of the amelioration of the condition of the Jews in Russia which a delegations of the American Hebrews. The secretaries busied themselves in bringing records up to date and preparing cables.

Cable Tolls Run High.

An idea of th evolume of cables which daily are sent to Europe and the Far East may be had from the statement that Sunday one cable company handled $19,000 worth of business including dispatches from both peace-makers from its headquarters here.

Both sides are very keen in the matter of their facilities for communication. The heavy tax on the local telephone wires made it impossible for them to get quick service between the hotel and their conference rooms in the navy yard, and complaint was made, with the result that Secretary Pierce had two direct telephone systems installed between these points, one for the Russians and one for the Japanese.

Citizens Excluded from Navy Yard.

The exclusive use of the navy yard, so far as civilians are concerned, is still possessed absolutely by the members of the peace commission. Yesterday in addition to the regular guard of marines which from the first was placed over the naval stores building, a detail of secret service men was added. They surrounded the building and kept constant watch throughout the session.

Considering Article 4.

At the morning session today consideration of article 4 which relates to the Liao Tung peninsula and the surrender of the Russian leases was begun. As the cession of Sakhalin island is the fifth article the natural deduction would be that today would witness a collision and possibly a deadlock.

But it appeared more likely that the question of the cession of the island on which neither side is now prepared

ty of a rupture on the other, it is regarded as a practical certainty that neither will insist at this juncture upon precipitating a situation which will decide this issue. The plan is almost certain to pass over the disputed articles and see how far an agreement is possible, then to return and attack the obstacles.

Article 3, which was agreed on yesterday, it developed today, was incorrectly stated to be the cession of the Chinese Eastern railroad. That article comes later. The third article pertained to the restoration of the Chinese administration in the province of Manchuria, and was a natural sequence to article 2, providing for mutual evacutaion and mutual recognition of Chinese territorial integrity and the "open door" policy for which American diplomacy has fought. The mistake was due to the fact that that railroad question involved generally in the question of restoring Chinese administration in Manchuria was touch.

Must Abandon Indemnity Demand.

New York, August 16.—The St. Petersburg correspondent of the Times says that an important personage declared to him yesterday that if Japan did not abandon her demand for an indemnity the negotiations at Portsmouth would be broken off this week. Every preparation, he said, has been made for a general mobilization with a view to a supreme effort in Manchuria in the present year. True, the chances of victory were dubious, but Russia would play her last card before accepting dishonorable conditions of peace.

The order for the mobilization will be issued in the middle of August (old style) if peace has not been previously concluded.

News from Manchuria.

Field Headquarters, Japanese Army in Manchuria, August 13, 5 p. m., via Fusan, August 15.—(Delayed in Transmission)—The Japanese reconnoisance in force along the line of the railway on the Kikin road from the Chang Tuf Line drove in the Russian outposts. On Aug. 12 eleven Russians were killed and ten captured in a conter reconnaissance in the section of Kinyton. The Russians were driven back by the Japanese outposts.

Observe Moon's Eclipse.

New York, August 16.—Although conditions here were not ideal last night, many persons saw the eclipse of the moon. The skies were filled with banks of fleecy clouds, which, for the greater part of the evening obscured the face of the satellite. There were periods every few minutes, however, which afforded a good view of the eclipse. The moon entered the penumbra as observed from New York at 2 minutes past 8 o'clock and at 17 minutes to 10 o'clock was in the shadow of the earth. It appears as though a liberal slice had been cut off from its southern horn. The middle of the eclipse was recorded at 15 minutes to 11 and at 13 minutes to 12 the moon had entirely left her shadow of the earth. She was clear of the penumbra and all such entanglements as 17 past 12 o'clock Tuesday morning.

Investigate Stock Transportation.

Chicago, August 16.—Secretary of Agriculture James Wilson, accompanied by Dr. E. S. Salmon, chief of the bureau of animal industry, arrived in Chicago last night and they will begin an investigation into live stock transportation. We have come to Chicago to learn the actual condition of the live stock traffic, said Secretary Wilson. We want to see for ourselves just what the situation is so we can handle it intelligently at Washington. The law provides that cattle shipped in cars which are not provided with conveniences for feeding and rest shall be taken out and fed at least once in 28 hours. We want to determine what conveniences are necessary to feed and rest cattle in transit.

Lightning Strikes Three Women.

Lake City, Fla., August 16.—Three negro women in a house near here were struck by lightning during an electric storm. One of them was

FEWER NEW CASES OF FEVER REPORTED

Federal Authorities Feel Hopeful Over Situation.

NEW CASES 13 AND DEATHS 5.

A Large Majority of the Cases Reported Come From the Location of the First Infection—General Public is Now More Hopeful.

New cases of fever in New Orleans since 6 o'clock p. m. Monday—13.

Total cases to date—1,031.

Deaths today—5.

Total deaths—171.

The number of new cases and deaths up to noon today shows a slight improvement in the yellow fever situation in New Orleans. The new cases continue to appear from day to day in the state, but there is no general or violent spread of the pestilence outside of the original center of infection.

Alabama and Mississippi continue free from the disease three suspicious cases at Raymond, Miss, being today pronounced not yellow fever.

Dr. Guiteras expected, he stated today, that New Orleans would be free from the infection in forty days.

New Orleans, August 16.—Fewer reports than usual were made in the earlier hours of the day of new cases of yellow fever, giving rise to the hope that the strenuous campaign of the marine hospital service has been entirely successful, and that all the old, concealed cases have been brought to light. That is the end that Dr. White has been working steadily to achieve, for he has said frequently that when he has knowledge of every existing case he can fix a time within which the fever may be exterminated.

The United States soldiers at Jackson barracks who have been kept prisoners for the past two weeks in order to guard the garrison from infection have been chafing under the restraint put upon them. Today it was announced that 200 of them would be taken in special trains to West End tomorrow for a day's recreation.

General Public Hopeful.

Hopefulness among the general public was manifested today over the yellow fever situation from the shrinkage of cases during the preceding 24 hours and the belief is gaining ground that 105 cases reported on Saturday will prove to be the top notch figures of the present visitation of the fever. As already pointed out in The Associated Press dispatches all cases of fever which bore any resemblance to yellow fever were included in last week's daily lists with the result that many of the yellow fever cases were subsequently diagnosed as malaria.

Hereafter, more care is to be taken in investigating reports of sickness and with the doctors co-operating it is expected that all the yellow fever cases found will be promptly turned up without the necessity of including in the reports fevers of other kinds.

In order to meet the objections of doctors that inspectors have been following in their tracks and invading house from which they have already reported fever, Dr. White has put into effect a rule which will make such conflicts impossible in the future.

Wherever a case has been reported, the householder is to be provided with a card of the doctor, giving the temperature and condition of the patient, which will protect such house from further intrusion.

The weather was a trifle cooler today, but there is no indication of a decided fall in the temperature. Sudden changes in the temperature are injurious to yellow fever patients, alternations from high to low temperatures generally having a marked effect on the death rate.

Deaths Among Foreigners.

Of the twelve deaths in the preceding 24 hours seven bore Italian names, two German, two English and one French. All were below Canal street. Fifteen cases were handled during

cases. Twenty-seven have been discharged, and many of the present patients are convalescent. The hospital authorities say that confidence in the treatment given in the institution among the foreign races.

The Italian sisters of the missionary order of the Sacred Heart have volunteered their services in charity work, and are working actively to relieve distress among the Italian population.

Mississippi is Free From Infection.

Birmingham, Ala., August 16.—A special to the News from Jackson, Miss., says that Dr. William Krauss, the Memphis yellow fever expert, today examined the three suspicious cases reported at Raymond, and declared they were not yellow fever. Mississippi is still free from infection.

LOCHLOOSA LACONICS.

Charming Visitors to That Charming Town—Too Much Rain.

Lochloosa, August 16.—We are having much rain now and the cotton crop has fallen short at least three-fourths.

Mrs. M. E. Taylor of Gainesville is visiting relatives, Mr. and Mrs. McEwen of this place, and she has two charming daughters. The Lochloosa people had a nice time at a fish fry Saturday in their honor. After the fish fry the Misses Taylor and Miss McEwen had a pleasant time boat riding on the lake with Tom Morrison of this place.

Mrs. Josephine Bates of White City returned home yesterday after a long visit to friends and relatives.

The friends of the Misses Taylor will give a complimentary ice cream party before they return home on Saturday.

A Jolly Party.

Mr. and Mrs. W. H. Powell and four children, Mr. and Mrs. C. D. Wood and two children, and Mrs. Gibson, formed a jolly party of Archer folks who passed through the city yesterday en route to Seabreeze. They have made all arrangements for a stay of two or three weeks, and it is needless to add that they will enjoy their trip to the fullest extent.

Arrested for Attempted Assault.

Roberta, Ga., August 16.—Alford Howard, a negro, charged with attempted criminal assault upon Miss Mamie Childers, has been arrested and is held to await trial before the superior court. His preliminary trial occurred Monday and the court placed the negro's bond at $500. The attempt was made about 11 o'clock at night. He entered the room through a window. His presence soon awoke the young lady, who began screaming, which aroused Mrs. Childers and the rest of the family. There was no demonstration against Howard, and the law will be permitted to have full sway.

Mormons Ask for Damages.

Knoxville, Tenn., August 16.—Damage suits aggregating $40,000 were filed in federal court at Greenville, Tenn., by Mormon missionaries, who charge that they were roughly handled in Greene county when they attempted to preach Mormon doctrine. The suits are styled F. J. Sorenson v. Dan Price, et al., W. T. Battle v. Smithson, et al., Olaf Jetson v. Dan Price, et al. In each suit $10,000 damages are asked for personal injuries. Hon. W. D. Wright, United States Attorney for the eastern district of Tennessee, is one of the attorneys for the plaintiffs.

Annual Meeting of Eagles.

Denver, August 16.—The eighth annual meeting of the Grand Eyrie of the Fraternal Order of Eagles, began here today. The gathering promises to open a new epoch in the history of this fraternity. The ritual is to be wholly revised along Masonic lines so as to place the order on a firmer basis and greater restrictions will be placed on membership, although no occupations will be barred. Another important matter under consideration is the establishment of a home.

The recent heavy rains have been of great benefit and laid the dust in the

Lightning Strikes Traction Cars and Farm Residences—Many Bridges Are Washed Away—Property Loss Will Be Considerable.

Cincinnati, August 16.—Reports received during the night and today indicate that the storm of yesterday and last night caused damage estimated at several hundred thousand dollars in southwestern Ohio, and less serious loss in other parts of the state and in Kentucky and Indiana.

In Hamilton, O., the rainfall reached 2½ inches, causing a flood in Miami river which washed away several small bridges and blocked trolley car service for several hours.

The Cincinnati, Hamilton and Dayton bridge near Miamisburg was washed away, and it was necessary to transfer passengers over a temporary structure.

Lightning struck a traction car near Middletown, O., during the storm and Mrs. William Kroeger, of Louisville suffered a broken rib and other injuries.

At Middletown the rain fall reached 4.25 inches, and both traction and steam railroads were washed out at several points.

Near Mansfield, O., Jacob Finney aged three years, died from the effects of a stroke of lightning, but his parents who were stunned, recovered.

Miss Nellie Smith and Miss Lulu Wilson were seriously injured by a lightning bolt which struck a farm house near Marysville, O. Several other persons were stunned by lightning near Circleville, O., but all will recover.

David Watts, the 11-year-old son of a wealthy farmer in Fayette county, Ky., was perhaps fatally injured by a bolt of lightning while standing under a tree.

The damage to crops was especially heavy in Butler and Warren counties, O.

INVESTIGATION IS RESUMED

Grand Jury at Washington Takes Up the Cotton Leak Scandal.

Washington, August 16.—The grand jury of the supreme court of the District of Columbia, today resumed its investigation into the frauds of the cotton crop reports of the department of agriculture, C. C. Clark, chief of the bureau of statistics of the department, being the first witness. A mass of books and papers were carried into the jury room. It being understood that they were to form the basis of a minute examination of the methods of the department employes in the east in the preparation of the crop reports.

District Attorney Beach's hope of completing the investigation in short time, and to be able to present indictments against more than one person, notwithstanding the absence of Mr. Hyde, the former chief of the department and refusal of Messrs. Packham and Haas to testify.

Gold Hunter Killed.

Middletown, N. Y., August 16.—Stephen Caldwell, of Philipstown, died from being struck by a train near his home. He was 86 years old. Caldwell was in the rush to the gold fields in 1849. He made a fortune. While returning by the vessel was burned, all his money were lost, but he was picked up floating a long time. He returned to California and was injured in a mine disaster.

BOARD OF DIRECTORS HELD FINE MEETING

Fair Commissioners Appointed From Various Sections.

DR. THOMAS IS THE CHAIRMAN

The Meeting Was Attended With Deep Interest and It Was Evident That the Board Settled Down With a Determination to Do Something.

A meeting of the Board of Directors of the Alachua County Fair Association was held in the office of Secretary Colson Tuesday afternoon, which was well attended, and at which a great deal of important business was transacted.

At the beginning Dr. T. F. Thomas was elected permanent chairman of the board. Dr. Thomas is a man of fine executive ability and the selection was a good one.

Rules and by-laws for the governing of the Fair Association were presented and after being read were recommended to the association at large for approval.

The question of employing some person to collect and manage the exhibits was brought up and discussed, which resulted in the selection of J. W. Tench to this position.

As formerly stated, the Alachua County Fair Association is organized for the purpose of securing and collecting county exhibits at the State Fair to be held in Tampa from November 15th to 30th of the present year. The executive department will be left to the Board of Directors.

The question of selecting Fair commissioners, the duty of whom it will be to talk up the Fair and solicit exhibits, was finally brought up and was the subject of considerable discussion. It was realized by the board that none but progressive, enterprising citizens throughout the county be selected—men that have the interests of the county at heart, and who want to see a fine exhibit. These Fair commissioners represent the various sections of the county from which they are appointed, and are expected to push matters with all possible energy. They will not be expected, however, to collect the exhibits, as a special commissioner has been employed for that purpose.

The following gentlemen were unanimously elected as Fair commissioners:

John P. Entenza, Geo. P. Morris, Waldo; T. A. Doke, Santa Fe; Robt. C. Davis, Alachua; L. R. Thomas, Willeford; Chas. A. Williams and J. G. Osteen, Trenton; F. P. Henderson, Arno; J. I. Griffin, Jonesville; N. A. Callison, Bennington; Chas. D. Dennis, Dutton; Dr. J. L. Kelley, H. S. Graves, C. C. Pedrick, Gainesville; Edgar L. Johnson, J. F. Townsend, Hawthorn; F. T. Baker, Jr., Island Grove; A. H. Emerson, Kirkwood; Perry G. Ramsey, Wacahoota; A. D. Chamblin, Archer; J. H. Holly, Arredondo; F. B. Irwin, Fairbanks; Baron von Luttichau, Earleton; J. A. Roseborough, W. A. Porter, Windsor; J. M. Turner, F. F. Paulling, Lake View; W. A. Strickland, John G. Dampier, Hague; Frank Polk, Osceola; Dr. J. B. Curtis, Orange Heights; C. P. Setzer, High Springs; J. T. Price, Wade; E. K. Roberts, Bell; J. A. Maultsby, Campville.

Will Have Fine Place.

J. W. Patton has returned from Wacahoota, in the vicinity of which place he has been engaged in surveying a tract of 320 acres of land, recently purchased by W. E. and H. C. Brown from C. C. Pedrick.

This property is partly cleared, and is among the most fertile in the county, being largely hammock, with a very heavy subsoil. The new owners will erect a fine home and make other improvements which, when completed, will make one of the most modern farms in that section.

Mr. Patton is kept quite busy at his profession now, and declares the country was never more prosperous. Despite the heavy rains, the crops as a rule, are good. Cotton suffered in some sections a great deal, while in others the damage will be light.

THE BOARD OF CONTROL

Has But $75,000 at Hand for the University—Loan Declined.

Jacksonville, August 15.—The Board of Control met in this city yesterday to look up plans for the new University at Gainesville. After routine business the plans for the new buildings were discussed.

H. J. Klutho of this city and Edwards & Walker of Columbia, S. C., were the architects selected to appear before the board at 9 a. m. tomorrow and receive instructions as to plans desired. As only $75,000 is available at present, four dormitories were suggested to be erected, two to be used as class rooms until another appropriation is secured.

Mayor Thomas and W. N. Wilson of Gainesville were at the meeting and Mayor Thomas made the following offer:

"In view of the fact that the Board of Control has but a limited amount of money upon which to operate for the next two years, and that it is obvious that it will be almost impossible to carry out the original plans, the people of Gainesville, feeling an interest and a pride in the institution and appreciating the importance of assisting in every way the Board of Control, offers to the board a loan of $100,000, feeling that by so doing the citizens of Gainesville will serve the educational interests of the State."

The board had only a short time previously been informed that it had no right to contract a debt and the loan was most respectfully declined by a committee composed of Messrs. Yonge and Adams in the following preamble and resolution, which was unanimously adopted:

"Whereas, The citizens of Gainesville have shown a most liberal spirit toward the University of the State of Florida; and

"Whereas, The board appreciates the liberal offer made by the citizens of Gainesville to loan the board $100,000; therefore, be it

"Resolved, That the board extends its thanks and appreciation to the citizens of Gainesville for their offer, but feels that it is best to postpone any action on it for the present."

The members of the board also individually expressed their gratitude to the people of Gainesville for their generous offer.

Dr. Sledd was present at the meeting and suggested the name of Prof. G. F. Green of Pennsylvania as professor of physical culture.

thusiastic Meeting Was Held Here Monday Afternoon.

FAIR ASSOCIATION FORMED

ficers and Board of Directors Elected and Alachua County is Assured of a Fine Exhibit at Tampa's Florida State Fair.

The Alachua County Fair Association has been launched and it was launched in good shape, too.

A meeting of representative business and professional men who have the interests of the county at heart were present Monday afternoon for the purpose of organizing an association, the object of which is to encourage a county exhibit at the Florida Stair Fair to be held in Tampa from November 15th to November 30th of the present year. Jesse E. Burtz, vice-president for Alachua county of the Florida State Mid-Winter Fair Association, called the meeting to order and explained the purpose for which this association should be organized. He explained that the Board of County Commissioners had assured an appropriation of $500 for the purpose of defraying the expenses of collecting exhibits and displaying them properly at the State Fair, and that with the united efforts of a conservative, organized body, there was no reason why Alachua county could not make a fine showing at the Fair, being one of the wealthiest and most diversified in the State. For the information of those present Mr. Burtz gave an outline of the plan of organization, which was followed.

The meeting was organized by the election of L. C. Lynch as temporary chairman, when the following permanent officers of the association were elected:

President, W. R. Thomas; L. C. Lynch, vice-president; Willis W. Colson, secretary; Dr. Benj. P. Richards, treasurer.

The question of the election of a board of directors, through which the executive affairs of the association should be carried out, was discussed, and it was decided to have a board of nine directors, five to constitute a quorum. The following were elected unanimously: C. C. Pedrick, J. A. Fuller, Dr. E. Lartigue, Dr. T. F. Thomas, W. B. Taylor, Dr. J. F. McCreary, Jr., H. H. McCreary, J. F. Tench and John W. Tench. The duty of this board will be to assume entire charge of the executive work in the matter of securing and taking care of the exhibits. The members of this board are among Gainesville's most energetic citizens, and no better selection could have been made.

There was a great deal of interest manifested at the meeting Monday afternoon.

The association will co-operate with J. Burtz, representing the State Fair Association, in the matter of having the county properly and thoroughly represented.

JUSTICE COLMAN'S COURT.

Yon Fined Heavily For Using Profane and Unbecoming Language.

John Yon, white, was arraigned before Justice Colman Tuesday upon a charge of using profane and obscene language in the presence of ladies, and was fined $10 and costs.

It appears that on Sunday evening Mr. Arrington and wife were seated on the piazza with some friends, when they were visiting in East Gainesville. Arrington alleges that Yon passed the house swearing, and that he went to the gate and reprimanded him, telling him he must not use such language, as ladies were seated upon the piazza, whereupon Yon, it is said, "got wuss" and threatened to wipe the dew off the grass with Arrington's body if he would come out into the street. Monday Arrington caused a warrant to be sworn out against Yon, and the same was served by Deputy Sheriff Granger following.

HIGH SPRINGS SCRAP.

Two White Men Engaged in Sunday Row With Serious Results.

There was a Sunday afternoon row at High Springs, the participants being Car Inspector Sam Davis of the Atlantic Coast Line, and Tom Mixson, a young man about town, both white. The result proved bad for Davis, who received five or six ugly knife wounds, the most dangerous of which was a gash on the arm and a stab in the back. The altercation occurred in the yards of the Atlantic Coast Line, where Davis was at work.

The cause of the trouble is not known. Davis' condition may not prove fatal, but is very painful, and will incapacitate him for duty for some time.

Mixson, who is only about eighteen years of age, was arrested and locked up, pending a preliminary hearing before Justice Bexley.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

THE GINNING SEASON.

It is Now On, and Several Bales Have Already Been Turned Out.

The cotton is opening rapidly, and a large quantity would have been gathered had it not been for the continued rains and a scarcity of pickers. It is said that pickers are very indifferent about working, and it is difficult to secure their labor at $1 a hundred pounds.

Notwithstanding these drawbacks, several bales have been gathered and ginned. The gins at Alachua have started up, and nearly a dozen bales have been turned out from these establishments alone. Had it not been for the rains Alachua county would have produced in the neighborhood of 150 bales by this time.

Rev. W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by W. M. Johnson.

Murray Gave Bond.

Ransome Murray, one of the defendants in the Newberry blind tiger cases, was released Tuesday upon a bond of $250 for his appearance before the grand jury at the next term of the circuit court.

The three remaining prisoners arrested for the illegal selling of booze are still in jail, having failed to secure the necessary bond.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

SLAUGHTER WAS RELEASED.

Bond of $1,000 Properly Made Out and Approved, and Man Released.

Nolie Slaughter of Newnansville, who has been in jail for the past two weeks charged with the murder of Lou Sessions near Newnansville, has been released on bond of $1,000 for his appearance at the next term of the circuit court.

The particulars of this case have been fully published in The Sun, hence a review is not necessary. It might be well to state, however, that Sessions was found dead in the woods at Newnansville, and young Slaughter was arrested for the crime. At the preliminary hearing before Justice Caswell at Alachua he was released for lack of evidence, but was rearrested and arraigned before Judge Mason, when his bond was fixed at $1,000.

The father of the young man promptly had executed a bond, but the paper was irregularly made out, and another was necessary, which has just been completed.

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

THE DEER ARE PLENTIFUL.

Floods in Gulf Have Driven Them in Groups to High Land.

The continued rains of the past three weeks have had a tendency to flood the lowlands of Gulf Hammock with the result that deer, which abound plentifully in the forests, have been driven to the highlands in groups. Sportsmen declare that they never saw so many deer in the history of their experience, as on many small islands they are huddled in large groups.

As soon as the waters recede the animals will seek refuge on their old ranges.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. J. W. McCullom & Co.

Lost a Fine Horse.

The friends of C. A. W. Thomas are sympathizing with him in the loss of "Joe," one of his fine horses, which died Sunday morning. The animal was about eight years of age, and a fine work horse.

Peculiar Disappearance.

J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores; price 25c.

MR. HYDE SELLS VALUABLE PROPERTY

Disposed of Elegant Block and Residence to Jas. M. Graham.

WILL CONTINUE THE BUSINESS

Has No Idea of Closing Store Here and Gives Good and Feasible Reasons for Selling—Is Interested in Gold Mining in the West.

One of the most important real estate transfers ever brought about in this city was the transfer Saturday of the property of George W. Hyde to James M. Graham.

The property involved the elegant two-story pressed brick front block of Mr. Hyde, corner of East Liberty and East Main streets, containing three elegant stores, and the home of Mr. and Mrs. Hyde, corner of East Mechanic and East Main streets, immediately in rear of the Hyde block. The consideration was $20,000, and the papers were filed Wednesday in the office of the clerk of the circuit court.

In disposing of his property Mr. Hyde has no intention of leaving Gainesville. He has conducted a prosperous business for many years and will continue to do so; but while he had an opportunity he deemed it best to dispose of his real estate at a reasonable figure, as he feels that, while he continues business, it will be equally as cheap to pay rents as to keep up the insurance, taxes and repairs on the property. This is of course Mr. Hyde's version, but naturally the purchasers looked at the matter from another direction.

The immense dry goods business of Mr. Hyde will be continued uninterrupted, and he has no intention of retiring. As evidence of this fact, he has leased the stores he is now occupying for a term of one year, and will continue "at the same old stand."

Mr. Hyde, in referring to the sale Wednesday, stated that he exercised as much confidence in Florida, and more in Gainesville, than ever, and proposed to remain in Gainesville the balance of his life. "The Gainesville folks have got to bury me when I die, if I live a thousand years," he added good-naturedly. "I have no objection in the world to this city and its people. Both myself and my family are well satisfied here, and propose to spend the balance of our lives in Gainesville, as far as we can see now."

Mr. Hyde, in conversation, admitted that he is heavily interested in gold mining in Nevada and California. In fact, he stated freely that he had considerable money invested there, and that his investments are paying him well, and are entirely satisfactory. While he will make his home here, it may become necessary for him to make frequent trips to the West to look after his interests.

The people of Gainesville will be gratified to learn that Mr. Hyde and family will continue to reside here, and that Mr. Hyde will manifest the same interest that he has always manifested in the city's welfare, for he has been a most valuable citizen.

INSPECTOR MEANS BUSINESS.

Will Arrest Every Person Who Fails to Clean Up Premises.

Sanitary Officer Chas. Warren states that he has experienced a little trouble in regard to persons not complying with orders of the sanitary department to clean up. The inspector leaves an order, whenever he finds it necessary, to clean the premises within twenty-four hours. These instructions have been disobeyed in a few instances, and property owners have become insolent in the matter.

Officer Warren desires The Sun to state that in future all instructions to clean premises must be enforced within the time prescribed, and in the event of failure the offender will be arrested and punished accordingly.

There is a strict law requiring the keeping of premises clean, and the failure of property owners to comply with same must suffer the consequences.

A Pleasant Affair.

In honor of her little niece, Miss Anne McKinstry, daughter of Mr. and Mrs. W. R. McKinstry, Miss Kittie Carlisle gave a party at her home, South Arredondo street, Wednesday afternoon.

A large number of friends of the little lady, as well as some older ones, were present. The afternoon passed in games appropriate to the occasion, and delicious refreshments were served. At the closing of the day the guests departed, expressing compliments to the honored hostess, and

STATE EXAMINATION

To be Held at Gainesville at the Close of the Summer Training School.

An examination of applicants for State, Primary, and Special certificates will be held in the city of Gainesville, beginning on Wednesday, Aug. 30th, at 9 o'clock a. m. All persons desiring to apply for any one of these grades of certificates will please be on hand on the date above mentioned.

Information About State Certificates.

Examination of Primary Certificates.

1st. Written (a) Academic—A written examination of not less than three questions on each subject, the equivalent of the second grade questions in the uniform examinations, will be required on Arithmetic, English Grammar, Geography, History, and Composition.

(b) Methods and Principles—One written examination of ten questions, showing the applicants' knowledge of the theory and art of education, especially as they relate to primary work, will be required. This examination will be based this year on Arnold's "Waymarks," published by Silver, Burdett & Company; White's "The Art of Teaching," published by the American Book Company; "Prince's Courses of Studies and Methods of Teaching," published by Ginn & Company; "Augsburg's Drawing," Book I, published by the Educational Publishing Company.

2nd. Oral—Every applicant must give in the presence of the examiners three lessons on subjects taught in the primary department, outlining and developing her method of teaching each subject.

3rd. Oral and Written—After the present year applicants will be tested on physical culture, manual training, school singing, and the elements of psychology on representation, memory and will as treated in Halleck's Psychology and Psychic Culture; at least, so much of these subjects as relate to primary grades.

4th. Every applicant will be required: (a) to show a fair knowledge of the classics suited for children; (b) to demonstrate her ability to do rapid blackboard sketching in such simple design, outline and perspective, as is necessary in successful primary teaching; (c) to read well and with expression.

Validity and Term.

A primary certificate will be good for four years and will be valid for teaching only in the first, second and third grades of regularly graded schools or in public kindergartens.

After four years of successful teaching under a primary certificate the State superintendent may make it valid during the life of the holder without further examination.

Examinations for Special Certificates.

Examinations for special certificates will be given applicants at the same time and place the examination for primary or State certificates is held. They will be entirely written and based on the same texts and equally as difficult as examinations for first grade or State certificates on the same subjects.

An applicant must present satisfactory evidence showing peculiar fitness for teaching in particular subjects on which [illegible] 39 cificate is asked. A COMRADE OF GENERAL GRAN

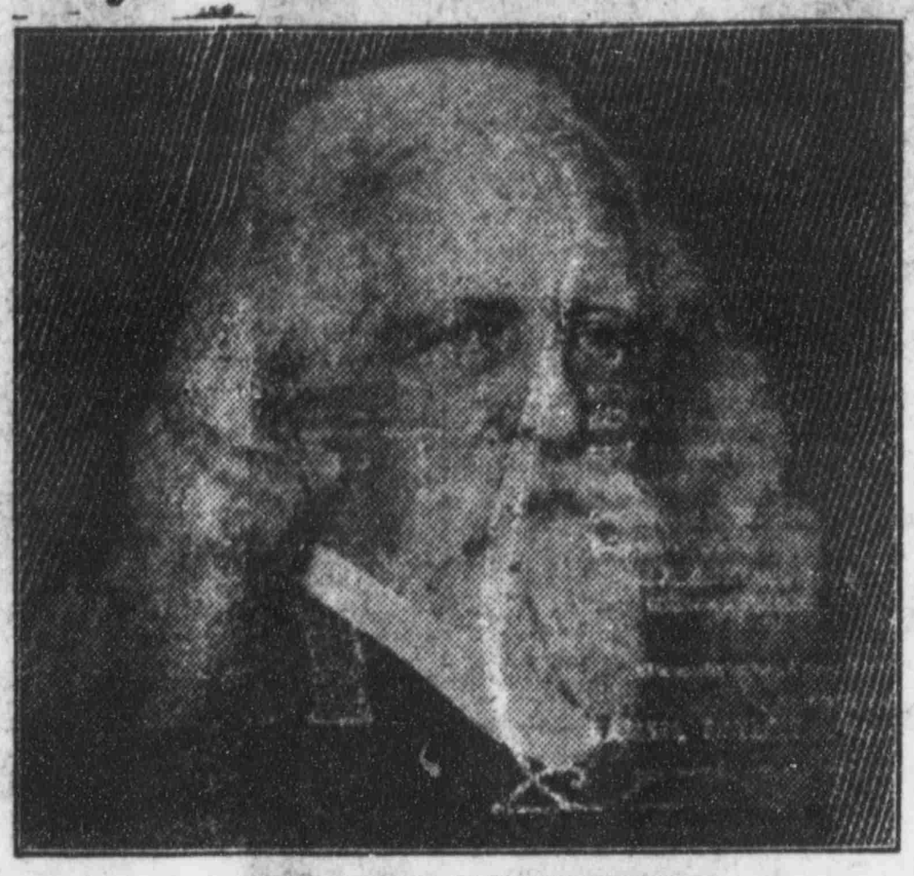
Says: "I Do Not Believe Pe-ru-na Has a Superior."



COL. BENJ. F. HAWKES.

Col. Benj. F. Hawkes, of 611 G street, S. W., Washington, D. C., is one of the three living comrades of General Grant in his cadet days at West Point. In a recent letter this venerable gentleman says of Peruna:

"I have tried Peruna after having tried in vain other remedies for catarrh, and I can say without reservation that I never felt a symptom of relief until I had given Peruna the simple trial that its advocates advise. I do not believe it has a superior either as a remedy for catarrh or as a tonic for the depressing and exhausted condition which is one of the effects of the disease."—Benj. F. Hawkes.

The Greatest Family Medicine Ever Discovered.

Hon. Wm. G. Hunter, ex-member North Carolina Legislature, writes from the Census Office Building, Washington, D. C., as follows:

"The greatest family medicine ever discovered, in my opinion, which comes from experience as well as observation, is Peruna. The most common affliction to humankind is a bad cold. Peruna drives it out of doors, wards off catarrh, invigorates and gives fresh strength to mind and body. I give Peruna my unqualified endorsement."—Wm. G. Hunter.

Chronic Catarrh of the Stomach Cured By Pe-ru-na.

Jas. T. Jakeman, President Elder Morman Church, Salt Lake City, Utah, writes:

"I should be and am a very grateful man for having been recommended the use of Peruna for catarrh. I had a chronic case of catarrh of the stomach and my system was so filled with different remedies that I had taken, that I sickened at the sight of a medicine bottle. Peruna was a last resort and it did not fail me, but cured me in about three months and I feel that it is a wonderful remedy and gladly give my experience from its use."—Jas. T. Jakeman.

Pe-ru-na Proved a Life Saver.

Mr. Louis Byrens, auctioneer, commission merchant and business broker, 436½ Richmond street, London, Ont., writes:

"I had been a sufferer with what physicians diagnosed as chronic catarrh. I thereby lost the necessary speaking faculties, which almost caused me to discontinue the business of auctioneer.

"After spending several hundred dollars for various medicines and doctor bills without avail, your wonderful remedy, Peruna, was recommended to me.

"After using several bottles of this life saver, I found relief, and I am again capable of conducting my auction sales. I wish to convince others, likewise afflicted, of the merits of your great remedy."—Louis Byrens.

Thousands of Testimonials.

We have on file thousands of testimonials like the ones given here. We can give our readers only a slight glimpse of the vast array of unsolicited endorsements of Peruna which we are constantly receiving.

Pe-ru-na is a Catarrhal Tonic Especially Adapted to the Declining Powers of Old Age.

In old age the mucous membranes become thickened and partly lose their function.

This leads to partial loss of hearing, smell and taste, as well as digestive disturbances.

Peruna corrects all this by its specific operation on all the mucous membranes of the body.

One bottle will convince anyone. Peruna used and Peruna becomes a life-long stand-by with old and young.

Mr. Charles F. Benctsson, Trues[illegible] Mo., writes: "I have followed your instructions for the past month and am now as well as I can be at the age of eighty-four years. I thank you for your valuable instructions and advice. I first took Peruna fourteen years ago when my health was so bad that I had no hope of staying many days, and after using it began to pick up. It has helped me ever since. I feel well, but will always keep Peruna as my companion."—Charles Benctsson.

As Well As Can Be At the Age of Eighty-four Years.

Suffered a Number of Years From Systemic Catarrh.

Used Peruna as Last Resort, Now Good Health.

Mrs. E. Schoncher, 220½ S. Olive St., Los Angeles, Cal., president Ger. Friendly Society, also secretary Southern Los Angeles Travelers Club, writes:

"I was for a number of years a sufferer from systemic catarrh. I was very nervous and run down, my appetite had failed me and my sleep was not restful. I had lost much in weight and looked like a very sick person. ***A physician advised a change of climate and the medicine I took only gave temporary relief.***

"I tried a bottle of Peruna as a last resort and was greatly pleased to find that I felt much improved in a general way and then I bought several bottles more.

"I am now in good health and have a good appetite and sleep well. I cannot say too much for Peruna and for what it has done for me."—E. Schoncher.

Pe-ru-na Contains no Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

RAIN HAS CAUSED SERIOUS DAMAGE

To Cotton and Other Crops in the Santa Fe River Section.

STAPLE ROTTING IN THE FIELD

The Plant is Rusting and Shedding, and to Make Matters Worse, the Invincible Caterpillar Has Made Its Appearance—Santa Fe Notes.

Santa Fe, August 16.—The cotton outlook grows more gloomy as the rain continues. It is indeed a gloomy time for the growers of cotton. It rains almost daily and cotton is sprouting and rotting in the fields; it is also shedding and rusting. One has but to look down the rows and see the young bolls and blossoms that have been drifted by the rains to be convinced of the extent of the damage that has already been done.

The caterpillars are beginning to show themselves in large numbers in some sections. Coming in this early part of the season, it makes the outlook very discouraging.

Santa Fe river is yet very full but has fell some. If the rain would cease it would soon be so people could cross where the bridges are standing. Both bridges at Worthington Springs are reported as being badly damaged and it will take considerable time to repair them after the water recedes before they could be crossed with safety.

The reunion of the Holder family, which was held on the 11th inst., that being the sixty-second birthday of Irin Holder, one of Santa Fe's old substantial citizens, at the home of his son-in-law, D. B. Pope, and was a delightful occasion and enjoyed by all present. At night the young people were treated to a social gathering. Games and music were participated in and ice cream and cake were served, also lemonade. May he live to witness many more of these enjoyable occasions.

Mrs. W. M. Blitch, who has been visiting her daughter, Mrs. J. J. Godwin of Rex, has returned home accompanied by Master Arthur Godwin, her grandson.

L. O. Chaplin of Jacksonville visited Santa Fe last week, a guest of E. L. Blitch.

Grandpapa Futch, we are glad to note, is again able to be out. He is visiting relatives in Alachua this week.

J. W. Harrell, who has been sick for the last ten days, is fast recovering his strength.

Hon. W. N. Sheats paid our little burg a visit Friday, the guest of W. M. Blitch. The Professor has many warm friends here who were glad to meet him and welcome him again in his home county.

The summer term of the public school here is a success, it being conducted by Prof. W. E. Bell as principal, assisted by Miss Georgia Martin. The school is in perfect harmony and the patrons are well pleased with the discipline as well as the advancement the pupils are making.

The family of P. D. Cox moved to Haynesworth Monday, he being agent and operator on the Atlantic Coast Line at that place.

The many friends of A. D. Williams will be glad to know that he has a good position with H. C. Parker at LaCrosse. Dillard has many friends here, having run the commissary here for E. J. Baird's mill for a year. He is a bright and promising young man and not afraid to do any work that his employer puts before him. Mr. Parker should be proud to have him with him.

Miss Julia Futch of Lake City was visiting friends in Santa Fe last week.

The Mallory Steamship Company has secured the contract to deliver 50,000 barrels of cement at Key West to be used in the construction of the Florida East Coast Railway. Some will be sent to adjacent keys.

St. Petersburg contemplates starting a free reading room and a circulating library.

The cotton crop at Chipley and Marianna is being injured by the rain.

PEAT FUEL.

The question of peat fuel, which has been talked of by a number of people in this State and has resulted in the establishment of a factory at Orlando, will soon develop a great industry in this State. It is being used in many parts of the United States and is recognized as the best fuel for grate fires yet known.

A large supply of peat bog exists at Levington, Mass., and the Boston and Maine Railroad has been induced to conduct a number of experiments to ascertain the value of the fuel for steaming purposes. In commenting on this fuel The Railway World says:

"The treatment consists in cutting out the peat in large cubes and then subjecting them to heavy pressure which exudes all the moisture and makes the compact. In the pressing, the cakes take on an elliptical shape, with an inch hole running through them which admits of free burning.

"In reporting on the first experiments the officials of the road say that they found that this fuel made an exceptionally hot fire, an admittedly valuable feature, was free from smoke, and that it could be purchased for less than coal. From an economical standpoint, however, the coal showed to better advantage owing to slower consumption, but the two advantages named for the peat fully offset that in favor of coal. That which has been tried in the locomotives has been exposed to the elements all last winter without depreciating its burning qualities."

The process used by the concerns that have recently been started in this industry in other portions of the country are far superior to any in the East, and in one or two locations in Michigan the removing of the moisture from the bog is done by an electrical and centrifugal process and the fuel pressed into hard briquets that retard the unnecessarily rapid consumption of the fuel.

The bog used for the making of peat fuel is found in abundance in the marshes that are filled with muck, which is taken out and dried by being put through these processes. There is a pleasant odor to the fires made by this fuel, and it is really a disinfectant. Peat fuel will surely be what is needed in Florida, for as we frequently desire a little blaze in the grate at night and morning during the winter, it is the desired article of fuel and can be furnished nearly as cheap as wood and at a considerably lower price than coal.

The question is certainly of enough importance to deserve a thorough investigation as a fuel proposition and as a business enterprise.

TESTIMONIAL TO DR. PORTER.

The Tampa Tribune of Sunday favors a testimonial to Dr. Porter, State health officer, and Dr. Bartlett, local agent in that city of the State Board of Health, and says: "Surely no two men ever yet deserved, in larger measure, the thanks and the gratitude of a people. Dr. Bartlett, by the exercise of much energy, discovered the lone case of yellow fever imported into West Tampa and took immediate steps to confine it. Dr. Porter came, as the head of the State's active health authorities, and took charge of the situation with a skill and a vigilance that finds its result in the absolute stamping out of what threatened to be a disastrous experience for Tampa and all its enterprises and interests. The Tribune, on its motion, without outside suggestion, proposes that the citizens of Tampa show their appreciation of the work of these two men."

The Tribune can rest assured that not only the people of Tampa feel grateful toward these skilled physicians, but the whole State of Florida takes pride in the work that has been done by Dr. Porter and the entire State Board of Health, and no higher compliment could be paid them than the hearty testimonials of the entire State for the noble efforts put forth in the cause of humanity and the checking of a plague which would have been very disastrous to the business interests of the entire commonwealth.

In speaking of Florida and her men of mark in the coming years, it will be a pleasure to every good citizen to refer to Dr. Joseph Y. Porter as the faithful and skilful State health officer who, knowing his duty, did it without fear and asking no favors, saving the people from sorrow and distress and placing every man, woman and child under everlasting obligations to him and his faithful efforts in the cause of humanity. He has done his level best—no man could do more.

The weather bureau is the next in line for investigation. Probably this will cause a storm.

TAMPA FAIR.

The premium lists for the coming State Fair, to be held in Tampa November 15th to 30th, will be printed and ready for distribution during the coming week and all desiring lists should at once write to F. L. Huffaker, secretary, who will gladly send them out. The premiums, owing to the liberal appropriation made by the Legislature, are the largest ever given at a State fair in the South, and no producer should fail to compete for one or more of them.

Work on the fair buildings is progressing raidly and everything will be in readiness at least two weeks before the fair gates open. In addition to the giant main building and the woman's department building, a number of others will be erected, including one for exhibits by the negroes of Florida, for whom special prizes will be given. The erection of these additional buildings will make necessary the extension of the fair grounds to a considerable extent.

President Brown, who recently returned from New York and other Eastern cities, secured for the fair the finest amusement attractions ever brought South, drawing upon Coney Island, Luna Park and other famous resorts for them. Nothing but what is novel and high-class will be allowed on the grounds, and nothing of a gambling nature will be tolerated.

SHE SURE IS.

The commissioners of Alachua county have appropriated $500 for an exhibit at the Tampa Fair. Thought Gainesville was already on a "fair" road to prosperity, having received so many blessings lately.—Live Oak Crescent.

Yes, our neighbor is right. Gainesville is already on a "fair" road to prosperity. But Alachua county is doing the appropriating of $500 for an exhibit at the Florida State Mid-Winter Fair at Tampa, and as it is a State Fair and Alachua a county of the State, the people take an interest in trying to make it a success. People who go to the State Fair and see what can be produced from Florida soil, know it themselves. Seeing is believing.

The people who joke about the French as a frog-eating nation, implying that people who eat frogs' legs are lacking in taste, don't know what they have missed if they have never had a high-toned dish of frogs' legs. Now frogs' legs are to be found in every restaurant and the United States fish commission is busy considering the best methods of propagating frogs. The principal market for frogs is in New York City, where they sell 100,000 pounds annually. Missouri is the greatest frog producing territory in the union, and so the fish commission will investigate the swamp lands of Arkansas and Missouri and try to extend the frog producing area. The Illinois river used to produce the genuine bull frog, a tremendous creature, whose voice could be heard a couple of miles.

The people of Russia are rather indifferent regarding peace negotiations. Peace or war makes very little difference with the peasants, who are murdered by the government in times of peace and killed in battle in times of war. The war indemnity to Japan will only mean a harder struggle for the working people, which will create dissatisfaction, cause riots and be the means of sending those to Siberia who escape the sword. Russia is tottering to her ultimate collapse.

Washington, New York and Brooklyn are all three having a hard struggle with typhoid fever, that is quite as much to be dreaded as the yellow fever. In Washington a desperate effort is being made to check the disease.

The Japanese have begun clearing the harbor at Port Arthur and six battleships and cruisers have been raised. Over seventy vessels in all have been brought to the surface.

THE TURN OF LIFE

A Time When Women Are Susceptible to Many Dread Diseases—Intelligent Women Prepare for It. Two Relate their Experience.

The "change of life" is the most critical period of a woman's existence, and the anxiety felt by women as it draws near is not without reason.

Every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition, or she is predisposed to apoplexy, or congestion of any organ, the tendency is at this period likely to become active—and with a host of nervous irritations, make life a burden. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are all just so many calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried thousands of women safely through this crisis.

For special advice regarding this important period women are invited to write to Mrs. Pinkham at Lynn, Mass., and it will be furnished absolutely free of charge.

Read what Lydia E. Pinkham's Compound did for Mrs. Hyland and Mrs. Hinkle:

Dear Mrs. Pinkham:—

"I had been suffering with falling of the womb for years and was passing through the Change of Life. My womb was badly swollen; my stomach was sore; I had dizzy spells, sick headaches, and was very nervous.

"I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me and I have passed safely through the Change of Life, a well woman. I am recommending your medicine to all my friends."—Mrs. Annie E. G. Hyland, Chestertown, Md.

Another Woman's Case.

"During change of life words cannot express what I suffered. My physician said I had a cancerous condition of the womb. One day I read some of the testimonials of women who had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it and to write you for advice. Your medicine made me a well woman, and all my bad symptoms soon disappeared.

"I advise every woman at this period of life to take your medicine and write you for advice."—Mrs. Lizzie Hinkle, Salem, Ind.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Hyland and Mrs. Hinkle it will do for any woman at this time of life.

It has conquered pain, restored health, and prolonged life in cases that utterly baffled physicians.

The site for the Governor's mansion at Tallahassee is still out of sight.

The State will erect a building for the male colored insane at Chattahoochee.

There was a meeting in Ocala on Monday to organize a Woman's Christian Temperance Union.

Mrs. Mary Russell of York, Marion county, has been adjudged insane and will be sent to the asylum.

Capt. A. C. Thompson, a prominent citizen of Lakeland, died Wednesday. He had resided at that place 20 years.

Lee county has appropriated $700 for an exhibit at the Tampa Fair, with the right to raise the sum $300 more if it is deemed necessary.

Putnam county wants a wet and dry election, but just at this time the city water is so rank that the people are afeard to drink it, so the election will not be called very soon.

A negro walked into a store in Springfield, a suburb of Jacksonville, and finding no one there but the proprietor's wife, picked up the cash box and some jewelry and walked away with it.

The Pensacola band plays such stirring music at its Friday evening concerts that the "culled" people present seem possessed of an insane desire to fight. Four were locked up at the last concert.

A pardon will be sought for George Caldwell and Edward Larkins, under sentence of death, charged with the murder of N. W. Eppes in Leon county last September. Isom Edwards says he alone killed Eppes.

M. Moran, employed in the saw mill of Johnson Bros., ten miles from Perry, fell across a running circular saw in passing in front of it and his body was cut in two. Several people saw the frightful accident. Moran was 23 years old.

Mrs. J. G. Shuttleworth of Pensacola lighted the gas stove, threw the blasing match down so the blaze caught her dress, and in a short time she was badly burned, her clothing being nearly all burned off before the fire was extinguished.

They have commenced again to bore for oil near Sumterville. A syndicate is also buying tracts of land said to contain kaolin, the wonderful mineral obtained now exclusively from Germany, and from which the famous porcelain ware of that country is made.

E. E. Ingraham of Key West was horse-whipped by Capt. H. L. Roberts a few days ago on one of the wharves of that city. Roberts claims that Ingraham made insulting remarks about his wife. Roberts was assisted by a man named Bethel and both were arrested.

Bertha Spencer, colored, of Marianna has been placed under arrest, charged with throwing her infant child into a well, which was found by pumping the well dry. Examination showed it had been thrown in alive. She was arrested Saturday, but stoutly denied all knowledge of the affair.

An unknown negro got off the train at Lloyd's on Wednesday, August 9th, stole a horse from a man in that place and started for Monticello. He stopped two miles from Miccosuki, where it was mistrusted he had stolen the horse, and when two men attempted to detain him he shot one and jumped into a buggy that belonged to Dr. Yarbrough and made his escape. He went to Monticello, where he evaded arrest after being shot, but was captured later by Sheriff Bird near Drifton. Joe Taylor, colored, was the man he killed.

Cured Hay Fever and Summer Cold.

A. J. Nushbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only agravate my case. Fortunately I insisted upon using Foley's

EXPORTS TRADE VERY LARGE.

America's Manufactured Goods Find Good Markets Abroad.

Washington, August 15.—Statistics compiled by the bureau of statistics of the department of commerce and labor show that the exports of manufactures in the fiscal year just ended amounted to $543,020,297, as against $452,415,921 in the preceding year, $433,851,756 in 1900 and $183,595,743 in 1895. Of manufactures, the exports for the past fiscal year were "not only the largest on record, but are in excess of the combine exports of all articles in the centennial year 1876 and nearly $140,000,000 more than the total imports and exports of the country at the close of the civil war."

Cotton manufactures present one of the striking features of the year's exports, having advanced from $22,403,713 in 1904 to $49,666,080 in the year just ending. The growth occurred chiefly in cotton cloth exports, $14,696,being the total in 1904 and $41,320,542 for 1905. To China there was an increase of about 400,000,000 yards over last year's exportation of 769,000,000, and the value of our cotton cloth exports to that country increased from $4,000,000 in 1904 to $27,750,000 in 1905. Japan was the only other country to show a considerable increase, the total being 16,000,000 yards, as against 4,400,000 in 1904.

BRUTAL ATTACKS OF NEGRO.

Assaulted Minister and Wife and is Killed Resisting Arrest.

Balston, N. Y., August 15.—The Rev. Bernard Schulte and his wife of New York city, were attacked at Mechanicsville probably fatally injured by a negro, who was shot and killed in Saratoga while resisting arrest.

Mr. Schulte came to Mechanicsville recently to take charge of the Episcopal church during the absence of the rector. Dr. Oliver Shaw Newell, who is in Europe. Early last evening Williams Curtis,, a negro whose home is in Saratoga, came to the door of the rectory and asked for a drink of water.

As Mr. Schulte turned to get the water the negro drew a lead from under his coat and felled the clergyman with a terrible blow on the head, following this up with a rain of blows until his victim lay unconscious and apparently dead.

Mrs. Schulte hurried down stairs and was struck down before she could utter an outcry, the negro beating her so that she can hardly recover. Curtis was found in a negro colony, and attempted to escape. A policeman then shot and killed him.

FINAL WEEK OF LEGISLATION.

Much Work is Before Solons and Many Bills to Pass.

Atlanta, Ga., August 15—The Georgia legislature will probably crowd more work into this, the final week of the session, than it has accomplished in any three wreews since it assembled.

While the house is winding up its work on the new counties and discussing special appropriation bills, the senate will be wrestlink with the general tax bill which it will doubtless dispose of before it takes up the new county bills passed by the house.

The will come numerous general bills for the consideration of both houses, for outside of the appropriations and tax bills, the new county bills, the reformatory bill and the child labor bill, no general legislation of any consequence has been given consideration during the forty-five days of the sessions, which has passed.

The house will conclude the new county legislation today and will then take up the general appproprlations bill to pass on the senate amendments, to be followed by the bill which asks members to see who can get their an appropriation of $75,000 for a new water works system at the state sanitarium.

Tuesday and Wednesday the house will give to general house wills and there will be a scramble among the measures acted on first. These are the last days upon which house bills can be passed in time to get through the senate at this session.

Tuesday the senate will discuss and act on the child labor bill, which has already passed the house, and this will be followed by the general tax bill, which will have to be passed at the earliest possible moment. Then the senate will be ready to tackle the new counties.

the vessel until tomorrow. A great reception awaits the party here tomorrow morning.

The viceroys of the Chinese provinces of Kwan Tung and Kwang Si have cabled Manila inquiring as to when the secretary and his party will visit the capitals of their respective provinces and saying that preparations for their suitable reception are under way.

The federal party has accepted Secretary Taft's statement of the attitude of the United States government towards the Philippinesas given in his recent speech at Manila and will reconstruct its platform in accordance therewith.

Treasure Box Found Intact.

South Bridge, Mass., August 15.—The treasure box owned by Herman S. Cheney, with contents intact, which had been missing since February, has been returned as mysteriously as it disappeared. The now famous box containing $288,000 of negotiable and non-negotiable securities is once again in the custody of Herman S. Cheney, at his residence on Chestnut street in South Bridge. The box containing $50,000 in cash and securities to the value of about $250,000 was stolen from his home in February last. He had taken the box from his security vault in Boston and hidden it in his house while preparing a schedule of his propert. Mr. Cheney, who is reported to be worth $800,000, was once the largest holder of the stock of the American Optical company. Alarms were sent out stopping transfer of the securities.

Result of Norway's Referendum.

Christiana, Norway, August 15.—The returns from the national referendum on the dissolution of the union show that out of 321,358 votes cast only 161 are against the dissolution. The storthing has been summoned to meet on Aug. 21, to take the next step towards the repeal of the act of union in an agreement with Sweden.

Venezuela Buying Guns.

Caracas, Venezuela, August 15.—The government ha asigned a $1,000,000 contract with the Schneider company, of Creusot, France, for eight batteries of 75-milimeter campaign guns and four batteries of mountain guns of the same caliber.

Forest Fires Raging in Idaho.

Wallas, Idaho, August 15.—Forest fires are burning in several places between Slate Creek and St. Joseph, the smoke rolling in huge volumes over Wallahe and eastern Idaho and western Montana. State Land Inspector Rhoads estimates that 5,000 acres have been destroyed there this year

DAVIS' WOUNDS SERIOUS.

Gashes and Stabs Received at High Springs May Prove Fatal.

Information comes from High Springs to the effect that the knife wounds inflicted upon Sam Davis by Tom Mixson at High Springs Sunday afternoon are more serious than was at first supposed, and may prove fatal, as the victim has suffered a great deal. Two wounds, a deep gash in the arm and a severe stab in the back, has placed the patient in a critical condition, and it will require fine skill to make him survive. As was stated in The Sun of Tuesday, Mixson was arrested, and in the event of the death of Davis it may go hard with him.

Davis is a car inspector in the employ of the Atlantic Coast Line at High Springs, and it was in the yards that the altercation occurred.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. ACTIVE VOLCANO IN NEVADA.

Two Explorers Find Mountain Throwing Out Lava in that State.

San Francisco, August 15.—A special dispatch to the Chronicle from Reno, Nev., says:

A volcano throwing off molten lava and in active operation has been discovered in Nevada, by Messrs. McClure, Wheeler and Somers, cattle men of Lovlock.

The volcano is locked in Rye Patch, Homboldt county. Although that section has been traversed for years, the crater has just been found. The men were in search of cattle when they came upon the stream of lava and tracing it to its source, located the volcano.

The rocks for some distance are under such heat that they could not touch them with their bare hands. Distinct rumblings accompany the flow of lava.

Oriental Line is to Start Again.

San Francisco, August 15.—The Toya Kisen Kasenha steamship line is about to resume business between here and the Orient. It has been officially announced that the steamship America would leave Yokohama for this port on or about Sept. 15, and from that time the regular service of this line will be resumed. The two other steamships belonging to the company, the Nippon and the Hong Kong will go into service as soon as they can be put in condition. They have been out of commission for over a year. Shortly after the war between Russia and Japan broke out these three vessels were changed into auxiliary cruiser sand have since been in charge of the government. Now they are once more turned back to the steamship company which will put them back into the passenger service.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Vessels Raised at Port Arthur.

Victoria, B. C., August 15.—News has been received from Port Arthur that over 75 vessels, including the battleships Peresviet Poltava, Retvizan, Pobieda and Pallada and the cruiser Bayan, have been raised, and the work of salving the merchant steamers sunk at the harbor mouth for blockading purposes has been let to Japanese firms.

J. W. English of Clyatt called on The Sun Tuesday, and helped with his mite to add luster to The Sun's rays.

C. D. Dennis of Clarke was transacting business in this city yesterday. He is connected with the Dutton Phosphate Company.

Mr. and Mrs. F. M. Ayer of Raliegh were in the city yesterday. Mrs. Ayer came for the purpose of having some dental work performed by Dr. Alderman.

Hon. T. A. Doke of Santa Fe, member of the school board from that section, was in the city yesterday and dined with Mr. and Mrs. J. E. Wainwright.

Miss Mary Affleck, the milliner of High Springs, passed through the city yesterday en route to New York, where she goes to purchase her fall and winter stock.

Mesdames Lizzie Sylvester and Hattie Parrish of Hague were in the city yesterday. They were en route to Orange Heights, where they will visit their sister, Mrs. Julia Hall.

Mesdames M. Corbett and G. F. Connell of Valdosta, Ga., who have been visiting relatives and friends in the State, spent Sunday with their sister, Mrs. J. I. Prevatt, North Gainesville.

John Kite and son, James, of Hague were among the visitors to this city yesterday. Mr. Kite is a farmer, and he reports the same old story as related from other sections of the county—too much rain. The crops, especially cotton, will be considerably damaged.

Mrs. J. R. Flewellen, after a residence of many years in this city, expects to return to her old home in Eufaula, Ala. The numerous friends of this lady will regret much to see her leave, but will wish her much future happiness among the people and friends of her childhood days.

Among the prominent visitors to the city yesterday was Judge G. V. Ramsey of Brooksville, county judge of Hernando county. Judge Ramsey resided in Gainesville several years ago and was at one time engaged in the practice of law here. He was en route to Boston, Ga., his old home.

J. M. Thomas, the clever traveling representative of the Schofield Iron Works, Macon, Ga., expects to move with his family to Crescent City, where he has secured a position as manager of the big Breston tank and barrel factory. Mr. Thomas made a big success on the road, and only resigned his position in order to be with his family regularly. Friends of the family will regret to see them leave here.

DOTHAN, ALA., JULY 13, 1899

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: We have been selling your Texas Wonder, Hall's Great Discovery, for two years and recommend it to anyone suffering with kidney trouble as being the best remedy we ever sold. Yours truly, J. B. YOUNG.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. E. W. Hall, 926 Olive St., St. Louis, Mo.

The friends of James Chesnut, who has been ill at the home of his daughter, Mrs. B. F. Jordan, for some time, will be gratified to learn that he is recovering. His condition is greatly improved, and it is hoped that he will be enabled to come upon the street in a few days. Mr. Chesnut was visiting White Springs when he was taken suddenly ill, and was removed to the home of Mrs. Jordan in this city.

From Thursday's Daily Sun:

J. H. Rollins and son, Joe, of Rochelle, were among the visitors to Gainesville yesterday.

Edward Zetrouer of Rocholle, a successful merchant, was transacting business in Gainesville yesterday.

M. J. Ward of Micanopy has been summoned to his old home in Alabama, on account of the illness of his father.

Solomon Warren left yesterday for Richmond, Va., and Washington, where he will "take in the sights" for the next month.

Mr. and Mrs. J. Fletcher Hill and son left yesterday for Flemington, where they will visit Mrs. Hill's sister, Mrs. W. D. Mathews.

Arch Hague, a progressive planter of Hague, was in the city yesterday. He called at The Sun office and renewed his subscription.

Major W. R. Thomas, wife and children expect to make their departure today for Waynesville, N. C., where they will recuperate for a few weeks.

B. Gainey, an industrious farmer of Atlas, was in the city yesterday and called at The Sun office and had his name enrolled upon the subscription list.

Mrs. C. Harrod and sister, Miss Jessie Sledge, left yesterday for Portsmouth, Va., where they will be the guests of relatives for the next two or three weeks.

Mrs. P. E. Pournell and children, Miss Hazel and P. E., Jr., have gone to Fort White, where they will visit the former's sister, Mrs. J. W. Stevenson, for a few days.

Mrs. Joseph Manasse and children left yesterday for points in North Carolina, where they will spend a few weeks recuperating. They were accompanied as far as Jacksonville by Mr. Manasse.

PHIFER BROS.,
Phifers' Corner.

Mr. and Mrs. C. A. Colclough and daughter, Miss Lucile, left Tuesday for Washington, D. C., and other points on their annual outing. They expect to be absent about a month.

Miss Annie Martin of Hawthorn was in the city Tuesday on business with the school board. Miss Martin is a teacher by profession. She has been engaged in the schools of Bradford county, but will teach the Louise school, near Santa Fe, the coming term.

J. R. Fowler of Lennon, junior member of the firm of Fowler & Son, manufacturers of yellow pine lumber, was in the city yesterday. As was stated in this paper before, Mr. Fowler has purchased some nice property on Alachua avenue, East Gainesville, and is erecting a handsome home.

James Holder, formerly of Rochelle, but now engaged in the manufacture of naval stores at Citronelle, was visiting this city yesterday. He was accompanied by his wife and child. Mr. Holder and family have been visiting the former's father, Ivin Holder, at LaCrosse, for the past week, and were en route home.

J. L. Medlin, the naval stores operator of Meredith, was in the city yesterday. Mr. Medlin states that his good wife has just concluded a trip to the Lewis & Clark Exposition, Portland, Oregon, as well as points in California, Colorado, etc. She is now in Clyo, S. C., where she will remain with friends and relatives until early fall.

Green Chaires of Old Town was among the prominent visitors to this city yesterday. Mr. Chaires states that the continued rains in his section have wrought great damage to crops, and in many instances have run the cattle off the range. The lowlands are overflowed, but the Suwannee river is at its normal heighth.

Dr. W. H. Sibley left yesterday for Boston, where he expects to spend a month. Mrs. Sibley will attend to the Doctor's patients during his vacation, after which she will continue to assist him in his practice. It is not generally known that Mrs. Sibley is a graduate of Hahenam Medical College of Chicago, class of 1878, and before coming to Florida was engaged in active practice.

Hon. J. A. Rosborough of Windsor, one of the most efficient representatives in the Florida Legislature from Alachua county, was among the visitors to this city yesterday. Mr. Rosborough, who is one of the live wires of his section, has been appointed a Fair commissioner by the Board of Directors of the Alachua County Fair Association. The appointment was a wise one, as Mr. Rosborough wields a good influence in the East End.

Registration Notice.—Notice is hereby given that the registration books of the City of Gainesville are now open at my office in the United States land office, where all persons qualified to register, including residents of the new territory added to the corporate limits of the city by the new charter enacted by the last Legislature, may register between the hours of 8 and 12 a. m. and 1 and 4 p. m. Books close on Saturday, September 9th, 1905. J. M. DELL, City Clerk.

Joe Sylvester of Hague was in the city yesterday. He was en route from Campville, where he went to accompany his mother and aunt a day or two ago. Mr. Sylvester had rather a trying experience in trying to reach Gainesville on his return. The train left him at Campville and he was compelled to walk to Hawthorn, a distance of several miles, in order to catch the Atlantic Coast Line train for Gainesville. He had plenty of time, however, and took the matter good-naturedly. Joe says it's cheaper to walk, but a great deal more satisfactory to ride.

It has been decided that we are entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for prior to October 15th, 1905. Subscribers who have paid for the paper since June 14th are entitled to vote. Coupons can be obtained at this office.

The Twice-a-Week Sun being entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for, the ladies of Kirby Smith Chapter, U. D. C., take this method of notifying those who pay their subscriptions prior to 7 o'clock p. m. of October 14th, 1905, who have paid since June 14th, 1905, the Chapter will greatly appreciate their support. Should the Chapter secure the library the reference books given to the Gainesville High School, where they are badly needed, will be for the benefit of the Hospital Association.

MORE ABOUT WEDDING.

Sibley Home Was Beautifully Decorated for the Occasion.

Editor Sun: As a guest of the Sibley household upon the occasion of the marriage of Miss Lyda, the charming daughter of Dr. and Mrs. W. H. Sibley, to Mr. James A. Dawson, I desire a few words in your valuable paper.

The Sun has already stated that the ceremony was performed by Rev. Mr. Nixon; hence it is the decorations to which I wish to refer. The home was beautifully and most tastefully decorated with evergreens, cut flowers and potted plants, making a fine effect.

The bride looked charming in a dress of white silk, elaborately trimmed with lace, and carried a bouquet of white carnations. The groom wore the conventional black.

After the ceremony the party repaired to the dining-room, where an elaborate lunch was served, after which, amid a shower of congratulations, Mr. and Mrs. Dawson were driven to the Seaboard Air Line depot, where they took the train for Jacksonville, their future home.

Both young people are well known and have many friends here who will wish them a life of undisturbed connubial bliss.

Mr. Dawson is a valued employe of the Fitzgerald Company, dealers in builders' materials, Jacksonville.

GUEST.

THE YELLOW FEVER.

The News from New Orleans is Very Encouraging.

New Orleans, August 16.—It is apparent that there is a slight improvement in the yellow fever situation, although new cases are reported in other parts of the State. There is no general spread outside of the infected districts.

Joseph O. Daspl, a bright young lawyer, was the second victim in a fortnight above Canal street.

The plan of transferring the fruit business to Chalmette had to be abandoned, the authorities at St. Bernard refusing to give permission for boats to unload.

Nineteen new cases and three deaths were reported up to noon today.

A Happy Marriage.

There was a happy marriage at the home of Mr. and Mrs. N. W. Malphurs, 906 East Court street, last night, when their daughter, Miss Viola Malphurs, was united in the holy bonds of matrimony to W. L. Beck, Rev. S. B. Rogers of the First Baptist Church officiating.

The wedding was a quiet one, only members of the family and a few intimate friends witnessing the ceremony.

The groom is a young man of sterling qualities, and has the friendship and confidence of all who know him. The bride is possessed of a most amiable disposition, and has a great many friends.

The Sun, with other friends extends congratulations, with best wishes for a long and happy married life.

Is It Right?

Is it right that a property-owner should lose $4.20 to let a dealer make 50 cents? A dealer makes 50 cents more on fourteen gallons of ready-for-use paint, at $1.50 per gallon, than our agent does on eight gallons of L. & M. paint and six gallons of linseed oil, which make fourteen gallons of the best paint in the world, at $1.20 per gallon; the property-owner loses (cost $4.20. Is it right?

It only requires 4 gallons of L. & M. and 8 gallons linseed oil to paint a moderate sized house.

Ten thousand churches painted with Longman & Martinez L. & M. paint.

Liberal quantity given to churches when bought from S. J. Thomas of Gainesville or J. C. Bishop of Alachua.
